Subject: Label Amendment – Removing indoor broadcast language.
Product Name: EVERCIDE® Permethrin 40% Mfg. Concentrate 2778
EPA Registration Number: 1021-1737
Application Date: June 29, 2016
Decision Number: 519163

Dear Mr. Ditto:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Decision No. 519163

with FIFRA section 6. If you have any questions, please contact Jennifer Gaines at 703-305-5967 or via email at gaines.jennifer@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "L. N. Bacon". The signature is fluid and cursive, with a long horizontal line extending to the right.

ACCEPTED

08/18/2016

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. **1021-1737**

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

May be fatal if swallowed. Avoid contact with skin or clothing. Wear long-sleeved shirt and long pants, socks, shoes, and chemical-resistant gloves such as Nitrile or Butyl Rubber. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

ONLY FOR FORMULATION INTO AN INSECTICIDE for the following uses: Domestic Outdoor and Indoor, Industrial/Commercial Uses, Animal Treatments (including livestock and pets), Mosquito Abatement, and Terrestrial Non-Food and outdoor residential misting systems.

For use in factory-applied coatings (such as water repellent, fire retardant and stain resistant matrices) used in/on fabrics (for tents, shelters, truck covers, awnings, hunting blinds and nettings); outerwear garments (for coats, jackets, coveralls, gaiters, chaps, hat bands, bibs, vests, footwear, and footwear liners); and domestic animal (dogs, cats, horses) care products (such as pet bedding, blankets, rugs, netting and kennel/stall coverings) as an insecticide and/or repellent against ticks, mosquitoes, spiders, ants, fleas, flies, and other flying and crawling insects. Also for use in/on fabrics for carpeting as an insecticide and/or repellent against dust mites. Incorporate into the coating matrix of fabrics at a rate not to exceed 1.25 grams Permethrin per square meter of fabric. Insects coming into contact with treated fabric surfaces will be killed; insects coming near treated fabric surfaces will be repelled.

All liquid products labeled for use on indoor surfaces must state the following "Not for broadcast use".

Total release foggers labeled for indoor use at residential sites must be formulated to contain no more than 0.58% Permethrin active ingredient.

Do not exceed an application rate equivalent to 1.25 grams of a.i. per square meter of fabric.

Not for formulation into Wettable Powder formulations unless they are packaged in water soluble bags.

All liquid and ready-to-use products labeled for use on indoor surfaces (baseboard, spot, and crack and crevice) at residential sites must be formulated to contain no more than 0.5% permethrin active ingredient.

This product may be used to formulate products for specific use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s).

Warm gently to liquefy and mix well in drum before sampling and before each use.

Not for formulation into handheld foggers.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store upright at room temperature. Avoid exposure to extreme temperatures. Post as a pesticide storage area. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL:

To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

CONTAINER HANDLING:

Non-refillable container. Do not reuse or refill this container.

[For containers with capacities of 5 gallons or less:]

[Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times.

Then offer for recycling if available, reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state and local ordinances.]

[For containers with capacities greater than 5 gallons:]

[Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling if available, reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state and local ordinances.]
