NOTIFICATION

FEB - 4 2002

Subject:

EVERCIDE® Permethrin Dust 2786

EPA Reg. No. 1021-1749

Notification

Dear Sir or Madam:

By notification, we have revised our label with an addendum that has alternate language suitable for a customers delivery canister container. Enclosed is a label with the added language.

I certify that this notification is consistent with PR 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, then this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If there are any questions or you need anything further, please contact this office.

Sincerely,

McLAUGHLIN GORMLEY KING COMPANY

Thomas A. Lennan

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

HUMANS: Harmful if-absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wesh hands before eating, drinking, chewing gum, using tobacco or using the toilet.

ANIMALS: Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish and aquatic organisms. Do not apply directly to any body of water. Do not contaminate water when disposing of equipment washwater.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

READ THE ENTIRE LABEL BEFORE EACH USE.

FOR PET USE - USE ONLY ON DOGS & CATS*

HOME GARDENS*

For use on home gardens. Not for use on plants being grown for commercial sale or commercial use.

EVERCIDE® Permethrin Dust 2786 [brand insecticide] controls a wide range of insect pests. Apply when insects first appear before damage from feeding occurs. Wearing household latex or rubber gloves, use a dust applicator such as a [this] shaker can, dust gun. puffer or other bulbous duster, rotary duster or other appropriate duster as available. Dust lightly to cover upper and lower leaf surfaces with a thin, even film of dust. Apply when air is calm to avoid drift and contact with eyes and skin. Allow dust to settle in treated areas before reentering. Wash hands thoroughly after handling and before eating or smoking. Do not allow dust to wind drift to nontarget plants or water supplies. Start applying at the farthest corner of the treatment area and work backward to avoid contact with dusted surfaces. For plants above chest height, consider using [brand insecticide].

Vegetables and Melons

The number in parentheses () following each crop grouping is the pre-harvest interval, e.g., the number of days that must be observed between application and harvest.

Artichokes (0): To control (kill) artichoke plume moth, leafminer. Do not exceed 5 applications per season.
