Subject: Label Amendment - Registration Review Mitigation for Esfenvalerate
Product Name: EVERCIDE® Residual Roach and Ant Spray 27693
EPA Registration Number: 1021-1755
Case Number: 478623
Application Dates: March 25, 2021

Dear Thomas Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Esfenvalerate Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for

shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Nicholas Geroux by phone at (202) 564-4093, or via email at geroux.nicholas@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Dana L. Friedman".

Dana L. Friedman, Chief
Risk Management and Implementation Branch 1
Pesticide Re-Evaluation Division
Office of Pesticide Programs

and Rodenticide Act as amended, for the
pesticide registered under

EPA Reg. No. 1021-1755

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear: long-sleeved shirt and long pants, shoes plus socks. Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent or hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have drenched or heavily contaminated with this product.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. If using gloves, wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product
in a manner inconsistent with its labeling.

USE RESTRICTIONS:

- Do not apply to humans, pets, or plants or contaminate feed, feedstuffs, dishes, or utensils.
- Remove pets, birds, and cover fish aquariums before spraying.
- Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- For use only in non-food areas of food handling establishments. Non-food areas of restaurants or food handling establishments are areas including (but not limited to) garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).
- Do not use in food areas of food handling establishments or restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared food is served such as dining rooms but excluding areas where foods may be prepared or processed.
- In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed.
- Do not use in aircraft cabins.
- Do not apply directly into sewers, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur.
- Do not allow to enter indoor or outdoor drains.
- No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm² or 0.25 sq. in. unless size is greater than 10% of label size}

SHAKE WELL BEFORE EACH USE

Hold container upright. Apply only to surface. Do not use as a space spray. Hold 12 to 18 inches from surface being sprayed. Point spray opening toward surface to be sprayed and press button firmly. Spray surface until wet but not to runoff. Avoid excessive wetting of asphalt, tile, rubber, and plastic materials. More frequent applications will be required to maintain residual control on plywood and other absorbent surfaces.

For Control of Cockroaches and Waterbugs: Spray in cracks and around baseboards and other hiding places such as under sinks, behind stoves and refrigerators, around plumbing pipes, and in other areas where these pests are seen until surface is wet. Directly spray bugs when they are flushed out.

For Control of Ants: Apply to ant trails, around doors and windows, and wherever ants enter house.

For Control of Cat Fleas, Brown Dog Ticks, Crickets, Earwigs, Firebrats, Sowbugs, Spiders (including Black Widows), Scorpions and Silverfish: Spray in cracks and around baseboards and other hiding places such as under sinks, behind stoves and refrigerators, around plumbing pipes, and in other areas where these pests are seen. Directly spray bugs when flushed out.

For Control of Stored Product Pests: (Sawtoothed Grain Beetles, Confused Flour Beetles, and Rice Weevils). In the home kitchen, remove and inspect stored food products. Remove infested packages and seal in plastic bags to prevent reinfestation. Discard bags in garbage. After removing all food packages and shelf liners, spray visible pests and cracks, crevices, corners of pantries, cupboards, and storage areas. Allow treated areas to dry, and then install new shelf liner and return containers to shelves. Repeat treatment as necessary but not more than once every 2 weeks.

STORAGE AND DISPOSAL

Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Do Not Puncture or Incinerate!

Non-refillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.

Federal regulations prohibit
CFC propellants in aerosols
