Subject: Amended Reregistration Label
Product Name: EVERCIDE® Residual Roach and Ant Spray 27692
EPA Registration Number: 1021-1756
EPA Decision Numbers: 414438

Dear Mr. Ditto:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the MGK 264 RED, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 13 March, 2012

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped

after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Clayton Myers at 703-347-8874 or myers.clayton@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager
Insecticide Branch
Registration Division (7505P)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear: long-sleeved shirt and long pants, shoes plus socks. Follow manufacturer's instructions for cleaning and maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product.

USER SAFETY RECOMMENDATIONS

Users should wash hand before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Users should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

USE RESTRICTIONS:

- Do not apply to humans, pets, or plants or contaminate feed, feedstuffs, dishes, or utensils.
- Remove pets, birds, and cover fish aquariums before spraying.
- Remove or cover exposed food, and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- For use only in non-food areas of food handling establishments. Non-food areas of restaurants or food handling establishments are areas including (but not limited to) garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).
- Do not use in food areas of food handling establishments or restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared food is served such as dining rooms but excluding areas where foods may be prepared or processed.
- In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed.
- Do not use in aircraft cabins.
- Do not apply directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.

SHAKE WELL BEFORE EACH USE

Hold container upright. Apply only to surface. Do not use as a space spray. Hold about 12 to 18 inches from surface being sprayed. Point spray opening toward surface to be sprayed and press button firmly. Spray surface until wet but not to the point of runoff. Avoid excessive wetting of asphalt, tile, rubber, and plastic materials. More frequent applications will be required to maintain residual control on plywood and other absorbent surfaces.

For Control of Cockroaches and Waterbugs: Spray in cracks and around baseboards and other hiding places such as under sinks, behind stoves and refrigerators, around plumbing pipes, and in other areas where these pests are seen until surface is wet. Directly spray bugs when flushed out.

For Control of Ants: Apply to ant trails, around doors, windows, and wherever ants enter house.

For Control of Cat Fleas, Brown Dog Ticks, Crickets, Earwigs, Firebrats, Sowbugs, Spiders (including Black Widow), Scorpions, and Silverfish: Spray in cracks and around baseboards and other hiding places such as under sinks, behind stoves and refrigerators, around plumbing pipes, and in other areas where these pests are seen until surface is wet. Directly spray bugs when flushed out.

For Control of Stored Product Pests: (Saw-toothed Grain Beetles, Confused Flour Beetles, and Rice Weevils). In the home kitchen, remove and inspect stored food products. Remove infested packages and seal in plastic bags to prevent reinfestation. Discard bags in garbage. After removing all food packages and shelf liners, spray visible pests and cracks, crevices, corners of pantries, cupboards, and storage areas. Allow treated areas to dry. Then install new shelf liner and return containers to shelves. Repeat treatment as necessary but not more frequently than once every 2 weeks.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Do Not Puncture or Incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.

Federal regulations prohibit
CFC propellants in aerosols
