OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

August 25, 2023

Thomas A. Lennan Senior Regulatory Affairs Specialist McLaughlin Gormley King Company 7325 Aspen Lane North Minneapolis, MN 55428

Subject: Label Amendment – Added container handling directions for refillable totes Product Name: MULTICIDE Intermediate 2791 EPA Registration Number: 1021-1766 Application Date: 02/25/2022 Decision Number: 584550

Dear Mr. Lennan:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Page 2 of 2 EPA Reg. No. 1021-1766 Decision No. 584550

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Robert Mitchell at 202-566-2842 or via email at <u>mitchell.robert@epa.gov</u>.

Sincerely,

Elizabeth Fertich Product Manager 4 Invertebrate-Vertebrate Branch 1 Registration Division Office of Pesticide Programs

pneumonia. Have the product container or label with you when calling a poison control center		
or doctor, or going for treatment. For information regarding medical emergencies or pesticide		
incidents, call 1-888-740-8712.		

EPA Reg. No. 1021-1766

EPA Est. No. 1021-MN-2

Net Contents _5-330 Gallons

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 1021-1766

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA. Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS Combustible. Do not use or store near heat or open flame.

> DIRECTIONS FOR USE It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Only for formulation into a synergist for the following uses: General Indoor Insect Control as limited below, and Human Articles and Materials.

This product is to be used with appropriate solvents, carriers, and in the case of pressurized products, propellants in the manufacture of insecticide sprays.

This product must not be used to formulate products for the following uses: 1.) Outdoor use, 2.) Terrestrial food and non-food crops, 3.) Aquatic uses, 4.) Greenhouse food crops, 5.) Forestry uses, 6.) Post harvest sprays to food crops, or 7.) Food producing animals or fowl (direct application to meat and dairy animals or their premises when occupied).

Not for formulation into an end use product with directions for use permitting use in power dusters.

Not for formulation into a dust end use product for use on pets.

Not for formulation into an end use product for use in outdoor residential misting systems.

Not for formulation into products with directions for use in mosquito abatement applications.

This product may be used to formulate products for specific use(s) not listed on the MP label if the formulator, user group, or grower has complied with U.S. EPA submission requirements regarding support of such use(s).

Warm to room temperature. Mix well in drum before sampling and each use.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place. Keep container closed.

<u>PESTICIDE DISPOSAL</u>: Wastes resulting from the use of this product must be disposed of on site or at an approved waste disposal facility. Do not pour or dispose down-the-drain or sewer. Call your local solid wast agency for local disposal.

<u>CONTAINER HANDLING</u>: Non-refillable container. Do not reuse or refill this container. Triple rinse (or equivalent) promptly after emptying. Then offer for recycling, if available or reconditioning, if appropriate or puncture and dispose of container in a sanitary landfill, or by other procedures approved by state and local authorities.

Or for refillable Tote containers

CONTAINER HANDLING:

Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning before refilling is the responsibility of the refiller. Cleaning the container before final disposal is the responsibility of the person disposing of the container. To clean the container before final disposal: Empty the remaining contents from this container into a mix tank and continue to drain for 10 seconds after the flow begins to drip. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into rinsate collection system. Repeat this rinsing procedure two more times. Or pressure rinse by inserting pressure rinsing nozzle in the side of the container, and rinse at about 40 psi for at least 30 seconds. Drain for 10 seconds after the flow begins to drip.

Offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.]
