Subject: MGK Wasp & Hornet Killer Aerosol
EPA Reg. No. 1021-1775
Notification

NOTIFICATION
JUL 18 2002

Dear Sir or Madam:

By notification, we adding alternate marketing language and adding alternate shaking instructions under directions for use.

I certify that no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, then this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If there are any questions or you need anything further, please contact this office.

Sincerely,

McLAUGHLIN GORMLEY KING COMPANY

	100.00%

* Contains petroleum distillate

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

- IF SWALLOWED: Immediately contact a physician or poison control center. Do not induce vomiting due to aspiration hazard.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated. Contact a physician if warranted.
- IF ON SKIN: Immediately remove contaminated clothing and wash skin with plenty of water. Contact a physician if irritation persists. Wash clothing prior to reuse.
- IF IN EYES: Immediately flush with plenty of water. Contact a physician if irritation persists.

For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing vapors. Avoid contact with eyes, skin or clothing.

ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting. Incineration of container may cause explosion. **DO NOT USE IN OR AROUND ELECTRICAL EQUIPMENT DUE TO THE POSSIBILITY OF SHOCK HAZARD.**

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

OUTDOORS

SHAKE TWICE ONLY [SHAKE WELL] BEFORE USING. HOLD CAN UPRIGHT. APPLY IN SHORT BURSTS. DO NOT USE INSIDE THE HOME.

To Kill Wasps: Application should be made at dusk or early morning when insects are least active. Hold can upright. Point valve opening away from face. With wind at back, aim at nests in trees, bushes, under eaves, chimneys, cracks or crevices.

To Kill Yellow Jackets: Yellow Jackets make their nests in the ground, dead tree stumps, railroad ties, walls or similar structures. During daylight hours, watch them closely to determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Empty entire can down hole from a close enough distance to direct 100% of spray into hole.

To Kill Hornets: Unless you can clearly see the opening at the bottom of the hornet's nest, never use a hornet spray (on the nest) as hornets may escape and attack you. Hornets usually make their nests in trees, shrubs and under eaves. During daylight hours, determine location of nest entrance. Wait until dusk or early morning when insects are at rest. Direct foam spray into entrance hole. As hornets fall out continue spraying until no more are visible or the can is empty. Leave area immediately.

To Kill Spiders, Caterpillar and Eastern Tent Caterpillars: General: When sprayed directly on insects, this spray will kill the insect listed. Caution should be taken when spraying new tender growth on young plants.

WHEN SPRAYING, HOLD CAN 18-24 INCHES FROM PLANT. For best results, spray in the evening or on a cloudy day when air is still. Mist the plants lightly. Use a slow sweeping motion. Avoid wetting foliage with spray. Spray rows at the rate of 1 foot per second. For heavy growth, spray both sides of row. Repeat as needed. Do not spray when temperatures exceed 90° F.

This product is not recommended for use on vinyl siding.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place [optional wording: secure] (preferably locked) [optional wording: storage area] inaccessible to children and pets, and away from heat, open flame or other sources of ignition.

CONTAINER DISPOSAL: This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the directions (DO NOT PUNCTURE!). If recycling is not available, replace cap and discard in trash.

DISPOSAL: Unused product may be disposed of by wrapping the container in several layers of newspaper and discard in trash.
