 Reregistration

Term of Issuance:
Conditional

Name of Pesticide Product:
MULTICIDE Wasp &
Hornet Spray 20863

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427-4372

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Change the label by revising the EPA Registration Number to read, "EPA Reg. No. 1021-1784".
3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin or inhaled. Do not induce vomiting because of aspiration pneumonia hazard! Avoid breathing vapors or spray mist. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash clothing before reuse. Avoid contamination of food and feedstuffs.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not use in commercial food/feed processing, preparation, food/feed storage or serving areas. In the home, all food/feed processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food/feed should be covered or removed.

Remove pets, birds, and cover fish aquariums before spraying.

OUTDOOR USES: Under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas.

INDOOR USES: Attics, and anywhere nests are built and where food or feed are not exposed.

Kills insects and eliminate the nests where they live and breed. Insects will fall to the ground and die after spraying, kills any insects inside the nest as well as any returning.

For Control Wasps, Yellowjackets, and Hornets and other listed insects:

For Nests:

1. Spray at sunrise or sunset when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath.
3. Shake can well before each use. Hold can upright and spray away from person. Push button to spray.
4. Aim actuator at the opening in the nest and spray until soaked.
5. Then spray the rest of the nest until it is saturated. This product's powerful spray will also kill insects that return to the nest.
6. Wait at least 24 hours before removing the nest.

To kill Wasps, Hornets, Yellowjackets, Spiders (including Black Widow Spiders), Crickets, Ants, Fleas, Ticks, Centipedes, Earwigs, Flies and Mosquitoes:

1. Spray 1-2 seconds until surface is moist to kill insects under eaves, around-screens, windows, doors, patios, cracks, holes and crevices or wherever insects are noticed.
2. To prevent insects from entering the home, spray around areas where insects enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges.

Use Tips:

1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly
3. Foliage of desirable plants that were contacted with spray should be hosed off.

This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours.
