KEEP OUT OF REACH OF CHILDREN
CAUTION

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.	

PRECAUTIONARY STATEMENTS	
HAZARDS TO HUMANS AND DOMESTIC ANIMALS	
CAUTION	
Harmful if inhaled or absorbed through skin. Avoid contact with eyes, skin or clothing. Avoid breathing vapors or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.	
<u>ENVIRONMENTAL HAZARDS</u>	
This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes.	
<u>PHYSICAL OR CHEMICAL HAZARDS</u>	
Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to possibility of shock hazard.	

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not use in commercial food/feed processing, preparation, food/feed storage or serving areas. In the home, all food/feed processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food/feed should be covered or removed.

Remove pets and birds and cover fish aquariums before spraying.

OUTDOOR USES: Under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas.

INDOOR USES: Attics, anywhere nests are built, and where food or feed is not exposed.

Kills insects and eliminate the nests where they live and breed. Insects will fall to the ground and die after spraying; kills any insects inside the nest as well as any returning.

For Control Wasps, Yellow Jackets, Hornets and other listed insects:

For Nests:

1. Spray at sunrise or sunset when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath.
3. Shake can well before each use. Hold can upright and spray away from person. Push button to spray.
4. Aim actuator at the opening in the nest and spray until soaked.
5. Then spray the rest of the nest until it is saturated. This product's powerful spray will also kill insects that return to the nest.
6. Wait at least 24 hours before removing the nest.

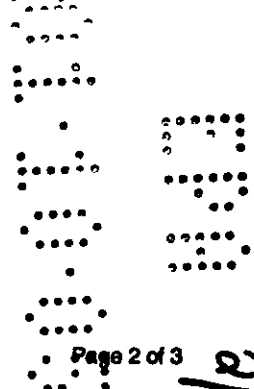

To kill Wasps, Hornets, Yellow Jackets, Spiders (including Black Widow Spiders), Crickets, Ants, Fleas, Ticks, Scorpions, Centipedes, Earwigs, Flies, and Mosquitoes:

1. Spray 1-2 seconds until surface is moist to kill insects under eaves, around screens, windows, doors, patios, cracks, holes and crevices or wherever insects are noticed.
2. To prevent insects from entering the home, spray around areas where insects enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges.

Use Tips:

1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly
3. Foliage of desirable plants that were contacted with spray should be hosed off.

This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours.

PRODUCT FACTS	
CONTROLS NESTS OF INSECTS	Hornets, wasps, yellow jackets
WHERE TO USE	Outdoor Areas: Under eaves, near window frames, doorways, carports, picnic sites, play areas. Indoor Areas: Attics, and anywhere nests are built and where food is not exposed.
WHEN TO USE	<ul style="list-style-type: none"> • Early morning or early evening, when most insects are on the nest. • Spray when not windy.

HOW TO USE

- Shake well.
- Stand at a safe distance from nest. Jet spray reaches 20 feet above ground.
- Hold can upright at arm's length.
- Aim nozzle at nest. Spray to soak nest. If nest has visible entrances, spray into openings first and then soak remainder of nest.
- Foaming action traps insects inside nest.
- Can also be used under eaves, around screens, windows, doors, patios, cracks, holes and crevices. Spray 1-2 seconds to kill insects.

RESULTS:

- Treated pests fall to the ground immediately and die. Insects returning to nest will be killed.
- Wait at least 24 hours before removing treated nests.

USE TIPS:

- If spray comes in contact with leaves, rinse with water.
- Avoid contact with vinyl or plastic, asphalt shingles or painted surfaces to prevent staining.
