Subject: Label Amendment – Revise Marketing Claims
Product Name: MULTICIDE® Wasp & Hornet Spray 20863
EPA Registration Number: 1021-1784
Application Date: May 14, 2014
Decision Number: 491713

Dear Mr. Ditto:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling: You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). If you have any questions, please contact BeWanda Alexander by phone at (703)305-7460, or via email at alexander.bewanda@epa.gov.

Sincerely,

Richard Gebken, Product Manager 10
Insecticide Branch
Registration Division (7505P)
Office of Pesticide Programs

MULTICIDE® Wasp & Hornet Spray 20863

This Jet Spray Product can be used both indoors (attics and other places where nests are built and where food or feed are not exposed) and outdoors on Wasp, Hornet and Yellow Jacket nests.

[] indicates alternate or optional wording.

- [Kills listed biting and stinging insects]
- [Kills Wasps, Yellow Jackets, and Hornets on contact]
- [Kills Ants, Scorpions and Black Widow Spiders]
- [[Gives] rapid contact kill and residual kill of insects returning to the treated nest]
- [Jet Spray reaches nests more than 20 feet above ground]
- [Aids in reducing annoyance from Flies, Mosquitoes, Ants, Ticks, Centipedes, Crickets, Fleas, and Earwigs]
- [Water-based]
- [Foaming formula]

- [Improved formula]
- [Foaming action]
- [Kills the entire nest from 20 ft. away!]
- [[Gives] rapid knockdown and [&] kill]
- [Targeted spray control]
- [Foam-trapping action]
- [Trapping power action]
- [Foaming action traps insects [inside nest]]
- [Use Indoors and Outdoors]
- [Kills from 20 ft. away!]

ACTIVE INGREDIENTS:

Tetramethrin.....	0.100%
Phenothrin.....	0.100%
OTHER INGREDIENTS	99.800%
	100.000%

ACCEPTED

09/24/2014

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No. 1021-1784

MULTICIDE, MGK® - Registered trademarks of McLaughlin Gormley King Company

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

FIRST AID

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for further treatment advice.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment wash waters or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to possibility of shock hazard.

SHAKE WELL BEFORE USING

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

- Do not use in commercial food/feed processing, preparation, food/feed storage or serving areas.
- Remove pets and birds and cover fish aquariums before spraying and turn aquarium systems off.
- Do not water the treated area to the point of runoff.
- Do not make applications during the rain.
- All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
 1. Treatment to soil or vegetation around structures;
- All outdoor applications to impervious surfaces such as sidewalks, driveways patios porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice treatments only.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after applications.
- Do not apply when food is present.
- Do not allow adults, children, or pets to enter the treated areas until sprays have dried.
- Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by the label.
- Do not apply this product in a way that will contact adult, children, or pets, either directly or through drift.

OUTDOOR USES: Under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas.

INDOOR USES: Attics, anywhere nests are built, and where food or feed is not exposed.

Kills insects and eliminate the nests where they live and breed. Insects will fall to the ground and die after spraying; kills any insects inside the nest as well as any returning.

In the home, cover all food/feed processing surfaces and utensils during treatment. Cover or remove exposed food/feed.

For Control of Wasps, Yellow Jackets, Hornets and other listed insects:

For Nests:

1. Spray at sunrise or sunset when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath.
3. Shake can well before each use. Hold can upright and spray away from person. Push button to spray.
4. Aim actuator at the opening in the nest and spray until soaked.
5. Then spray the rest of the nest until it is saturated. This product's powerful spray will also kill insects that return to the nest.
6. Wait at least 24 hours before removing the nest.

To kill Wasps, Hornets, Yellow Jackets, Spiders (including Black Widow Spiders), Crickets, Ants, Fleas, Ticks, Scorpions, Centipedes, Earwigs, Flies, and Mosquitoes:

1. Spray 1-2 seconds until surface is moist to kill insects under eaves, around screens, windows, doors, patios, cracks, holes and crevices or wherever insects are noticed.
2. To prevent insects from entering the home, spray around areas where insects enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges. Do not apply more than one time per day to same surface.

Use Tips:

1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly
3. Foliage of desirable plants that were contacted with spray should be hosed off.

This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage

Store in a cool, dry area away from heat or open flame, preferably in a locked storage area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Do not puncture or incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If Partially filled:

Call your local solid waste agency for disposal instructions.
