U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:
1021-1794

Date of Issuance:
OCT 22 2002

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Term of Issuance: **Conditional**

Name of Pesticide Product:
Evercide Esfenvalerate 10MC

Name and Address of Registrant (include ZIP Code):

McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, Minnesota 55427-4372

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of you product under FIFRA section 4. Please submit two (2) copies of your final printed label for before your release the product for shipment. Please refer to the A-79 enclosure for a further description of final printed labeling. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. If you have any questions regarding this action, please contact Dr. William Sproat of my team at (703) 308-8587.

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF SWALLOWED	<ul style="list-style-type: none"> Call poison control center or doctor immediately for treatment advice. Do not induce vomiting unless told to do so by the poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.
IN EYES:	<ul style="list-style-type: none"> Hold eye(s) open and rinse slowly and gently with water for 15-20 minutes. After the first 5 minutes, remove contact lenses if person is wearing them. Call a poison control center or doctor for treatment advice.

NOTE TO PHYSICIAN:

This product may pose an aspiration pneumonia hazard. Contains petroleum distillate. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish, and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirement of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ACCEPTED
OCT 22 2002
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 1021-1794.

3/3

EVERCIDE® Esfenvalerate 10MC is designed for use only as a residual surface spray and crack and crevice spray to control various pests in and around residential and non-food areas of commercial structures. EVERCIDE® Esfenvalerate 10MC may be sprayed on any surface that will not be damaged or stained by water. DO NOT use this product as a fogger or apply it as a space spray.

Use only in areas described. DO NOT mix this product with other end-use products. Remove pets and cover fish aquariums and pets' food and water dishes before spraying. Keep all people (especially children) and pets out of the areas being treated and restrict access to these areas until all surfaces are dry. DO NOT leave product where children or pets can into contact with it. DO NOT allow spray to contact food or food-containing surfaces, feed, or water supplies. Thoroughly wash dishes and food handling utensils with soap and water if they become contaminated with this product. Food utensils such as teaspoons and measuring cups must not be used for food purposes after use with pesticides.

DILUTION (dilute ONLY with water): Shake container of EVERCIDE® Esfenvalerate 10MC before diluting. Clean spray equipment before and after use. For dilution, add water to spray tank and then add the appropriate amount of EVERCIDE® Esfenvalerate 10MC. Agitate spray thoroughly before using and also occasionally during use to ensure dispersion. Use 0.4 ounces (12 cc.) of EVERCIDE® Esfenvalerate 10MC to make a spray containing 0.03% active ingredient. Use 0.8 ounces (24 cc.) to make a spray containing 0.06% active ingredient. Use 0.03% solution for light infestations or as a maintenance control rate. Use 0.06% for heavy infestations or as an initial clean out rate. Apply in two second bursts of spray per foot of area being treated. Avoid excessive application. Dampen surfaces, but not to the point of saturation or run-off.

Recommended Dilutions:

	<u>Ozs. EVERCIDE® Esfenvalerate 10MC per gallon water</u>
Maintenance Rate (0.03% esfenvalerate)	0.4 ozs. (12 cc.)
Clean-out Rate (0.06% esfenvalerate)	0.8 ozs. (24 cc.)

AS A SURFACE SPRAY:

To Kill Ants, Centipedes, Cockroaches, Carpet Beetles, Crickets, Earwigs, Millipedes, Silverfish, Scorpions, Sowbugs, and Spiders: Apply spray with a sprayer that produces coarse, wetting droplets into all cracks and crevices in woodwork, floors, underneath sinks, areas behind pipes and in all places where these insects shelter. For ants, apply to ant trails; also apply around doors and windows and wherever these pests may find entrance to the structure. Contact as many insects as possible with direct spray. Repeat applications as needed, but do not exceed more than one application every seven (7) days.

To Kill Brown Dog Ticks and Fleas: For control of Brown Dog Ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting areas, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor coverings where these pests may be present. For control of fleas, thoroughly apply as a fine particle broadcast spray using the 0.4 ounce per gallon of water dilution to infested rugs, carpets, and pet resting areas.

Prior to treatment, aquariums and fish bowls should be covered and pet birds should be removed from the area. Do not permit humans or pets to contact treated surfaces until spray has dried. Old pet bedding should be removed and replaced with clean, fresh bedding after treatment. DO NOT SPRAY PETS WITH THIS PRODUCT. Treat dogs and cats with a product registered for use on animals.

FOR OUTDOOR PESTS:

Building Perimeter Treatment:

To help prevent infestations of buildings by ants, roaches, crickets, spiders, centipedes, millipedes, and sowbugs, treat a 12-18 inch band of soil or other substrate adjacent to buildings and the building foundation to a height of 2 to 3 feet in all areas where these pests are active or may find entrance. Apply as a coarse, wet spray at the rate of one (1) gallon spray mix per 1000 square feet.

STORAGE AND DISPOSAL

STORAGE: Containers should be stored in a cool, dry, well-ventilated area. Keep container closed when not in use.

PESTICIDE DISPOSAL: Do not contaminate water, food, or feed by storage OR disposal. Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Completely empty the container into application equipment. Rinse container thoroughly ONLY if recycling, then fasten lid tightly and puncture container before discarding in trash. DO NOT reuse empty container. For further information, call 1-800-CLEANUP.
