Subject: Amended Reregistration Label
Product Name: EVERCIDE® Wasp & Hornet Killer 20862
EPA Registration Number: 1021-1806
EPA Decision Numbers: 427035, 435936

Dear Mr. Ditto:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Tetramethrin and Phenothrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 23 September, 2010
- Alternate CSF A, dated 23 September, 2010
- Alternate CSF B, dated 23 September, 2010

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Clayton Myers at 703-347-8874 or myers.clayton@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager
Insecticide Branch
Registration Division (7505P)

EVERCIDE® Wasp & Hornet Killer 20862

[OCCUPATIONAL SECTION OF LABEL]

This Jet Spray Product can be used both indoors (attics and other places where nests are built and where food or feed are not exposed) and outdoors on Wasp, Hornet, and Yellow Jacket nests.

[] indicates optional wording

- [Kills biting and stinging insects]
- [Kills Wasps, Yellow Jackets, and Hornets on contact]
- [Kills Scorpions and Black Widow Spiders]
- [Gives rapid knockdown and kill. Quick Kill! Kills Insects Returning to the Treated Nest.]

- [Gives rapid contact kill and residual kill of insects returning to the treated nest]
- [Jet spray reaches nests more than 20 feet above ground]
- [Aids in reducing annoyance from Flies, Mosquitoes, Ants, Ticks, Centipedes, Crickets, Fleas, and Earwigs]
- [Water-based.]

ACTIVE INGREDIENTS:

Tetramethrin [(1-Cyclohexene-1,2-dicarboximido) methyl 2,2-dimethyl -3-(2-methylpropenyl) cyclopropanecarboxylate]	0.150%
Sumithrin (3-Phenoxybenzyl-(1RS, 3RS; 1RS, 3SR)-2,2-dimethyl-3-(2-methylprop-1-enyl) cyclopropanecarboxylate)	0.150%
OTHER INGREDIENTS	99.700%
	100.000%

Minneapolis, MN 55427

EPA Reg. No. 1021-1806

EPA Est. No. 1021-MN-2

Federal regulations prohibit CFC propellants in aerosols

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin or inhaled. Avoid contact with skin, eyes, and clothing. Wash thoroughly with soap and water after handling or before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Avoid breathing spray mist.

PERSONAL PROTECTIVE EQUIPMENT(PPE)

Applicators must wear: Long-sleeved shirt and long pants, Shoes plus socks, Chemical –resistant gloves.

Follow manufacturer's instructions for cleaning /maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry. Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this products concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hand before eating, drinking, chewing gum, using tobacco, or using the toilet. Users should remove clothing/PPE immediately if pesticide gets inside. Then was thoroughly and put on clean clothing. User should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of aerosol unit, washwater or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area. See Directions for Use for additional precautions and requirements.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to possible shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USING

GENERAL PRECAUTIONS & RESTRICTIONS:

- Avoid contamination of food and feedstuffs. Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where food is served, such as dining rooms, but excluding areas where foods may be prepared or held.
- Do not apply when food is present. Exposed food should be covered or removed. All food preparation surfaces and utensils should be covered during treatment or thoroughly washed before use.
- Remove pets and birds and cover fish aquariums and ornamental fish ponds before spraying and turn aquarium systems off.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours.
- Do not water the treated area to the point of run-off
- Do not make applications during rain.
- Application is prohibited directly into sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application

OUTDOOR USES: Under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas. All outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted use:
Applications to building foundations up to a maximum height of 3 feet.

Other that applications to building foundations, all outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors and eaves) are limited to spot and crack-and-crevice applications, only.

INDOOR USES: Attics, and anywhere nests are built and where food or feed are not exposed.

Kills insects and eliminate the nests where they live and breed. Insects will fall to the ground and die after spraying. Kills any insects inside the nest as well as any returning.

For Control of Wasps, Yellow Jackets, and Hornets and other listed insects:

For Nests:

1. Spray at sunrise or sunset when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath.
3. Shake can well before each use. Hold can upright and spray away from person. Push button to spray.
4. Aim actuator at the opening in the nest and spray until soaked.
5. Next spray the rest of the nest until it is saturated. This product's powerful spray will also kill insects that return to the nest.
6. Wait at least 24 hours before removing the nest.

To Kill Wasps, Hornets, Yellow Jackets, Spiders (including Black Widow Spiders), Scorpions, Crickets, Ants, Fleas, Ticks, Centipedes, Earwigs, Flies and Mosquitoes:

1. Spray 1-2 seconds until surface is moist to kill insects under eaves, around screens, windows, doors, patios, cracks, holes and crevices or wherever insects are noticed.
2. To prevent insects from entering the home, spray around areas where insects enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges.

Use Tips:

1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly.
3. Hose off foliage of desirable plants that were contacted with spray.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Do not Puncture or Incinerate!

Nonrefillable container. Do not reuse or refill this container.

If Empty:

Place in trash or offer for recycling if available.

If Partly Filled:

Call your local solid waste agency for disposal instructions.
