

Ms. Anne Marie C. Zielinski  
McLaughlin Gormley King Company  
8810 Tenth Avenue North  
Minneapolis, MN 55427-4319

AUG 18 2004

Dear Ms. Zielinski:

Subject: Label Amendment- per registration notice of June 17,  
2004  
Evercide Total Release Fogger 24601  
EPA Registration Number 1021-1809  
Your submission dated June 17, 2004

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(7)(a), is acceptable provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling:
  - a) Delete ~~Non Flammable~~. As indicated in our previous letter it does not meet the criteria under item 1(b) of the Label Review Manual, i.e. flash point greater than 350 degrees fahrenheit (177 degrees Celsius) for the liquid portion of this formula. The MSDS for the propellant portion of the formula also recommends avoidance of open flame.
3. Submit three (3) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca  
Product Manager 13  
Insecticide Branch  
Registration Division (7505C)

Enclosure

PRECAUTIONARY STATEMENTS

**CAUTION**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. Avoid contamination of food or feedstuffs.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic organisms. Do not contaminate water by direct application or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130° F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.

Do not apply directly to food. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Remove pets and birds and cover fish aquariums before spraying.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. X 5 ft. or smaller; instead allow fog to enter from other rooms.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 [5,000] [4,000] [3,000] cubic feet of unobstructed area. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press the valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for two hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

OR

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press the valve button all the way down, hooking the catch. [Break off and remove tab on side of sprayer]. Tilt sprayer away from face (container sprays straight up). Press down firmly on sprayer pad until it snaps into place.

To Kill Fleas and Ticks: Destroy pet's old bedding and replace. Use product as directed above. Treat dogs and cats with registered tick control product prior to re-entry.

STORAGE AND DISPOSAL

STORAGE: Contents under pressure. Store in a cool dry area away from heat or open flame to prevent bursting of container.

DISPOSAL:

Do not puncture or incinerate!

If empty: Place in trash or offer for recycling if available.  
If partially filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
