U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
1200 Pennsylvania Avenue, N.W.
Washington, D.C. 20460

EPA Reg. Number:
1021-1817

Date of Issuance:
JUL 19 2005

Term of Issuance:
Conditional

Name of Pesticide Product:
EVERCIDE® Horse & Dog Spray
28022

NOTICE OF PESTICIDE:

Registration
 Reregistration

(Under FIFRA as amended)

Name and Address of Registrant (include ZIP Code):

MGK Company
8810 Tenth Avenue North
Minneapolis, MN 55427-4319

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is **conditionally** registered in accordance with FIFRA sec. 3(c)(7)(A), provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes before you release the product for shipment:
 - a) Revise the EPA Registration Number to read "EPA Reg. No. 1021-1817."
 - b) Submit or cite supporting data for the following conditionally accepted claims and update the data matrix:
 - a. Horse and pony applications: *biting, stable house, face, horse, and deer flies; chiggers; lice; and mosquitoes*
 - b. Dog applications: *lice*
 - c. Ants: *Fire and Pharaoh Ants.*
 - c) Under Directions for Use/Horses, Ponies and Foals, revise "Mosquitoes..., which has been known to transmit West Nile Virus" to read "Mosquitoes.... which may transmit West Nile Virus".

- d) Under Premise Application; revise "*Cockroaches including Smokey Brown ...and Oriental...*" to read "*Cockroaches including Smokey Brown and... Oriental Cockroaches*". Place a comma between scorpions and the listed cockroaches.
- e) Under Premise Application add the following statements:
 - a. Do not apply this product in hospital patient rooms while occupied by the elderly or infirm.
 - b. Do not apply in classrooms when in use.
 - c. Do not apply to aircraft cabins.
 - d. Do not apply to institutions (including libraries, sport facilities, etc.) or in any rooms while occupants are present.
 - e. Do not use in edible product areas of food/feed processing plants and restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held.
 - f. For use in non-food/feed areas of food/feed handling establishments such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).
 - g. In the home, remove all exposed food and cooking utensils. Cover all food handling surfaces or wash thoroughly after treatment and before use.
- f) Revise the last sentence of the pesticide storage statements to read: "*Store in the original container. Store container upright*".
- g) Move the statements "*Sensitivities may occur...consult a veterinarian immediately*" from the Precautionary Statements to the Directions for Use /Dogs section of the label.
- h) Move the statement "Avoid contamination of food or feedstuff" from the Precautionary Statements to the Directions for Use section of the label.
- i) Immediately below the Environmental Hazards Statements add the subheading "*Physical and Chemical Hazards*". Under this subheading add: "*Do not apply this product around electrical equipment due to the possibility of shock hazard*".

3. Submit two (2) copies of your final printed labeling before releasing the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e).

3/5

Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

If you have any questions regarding this action, please contact Olga Odiott of my team at (703) 308-9369.

PRECAUTIONARY STATEMENTS

CAUTION

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Avoid contamination of food or feedstuffs. Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters or rinsate. This pesticide is toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow drift when bees are actively visiting treatment area.

EVERCIDE[®] Horse & Dog Spray 28022 is an outstanding value because it is proven to kill and repel (more than 70 species of) flying, crawling, creeping and biting pests. It is approved for use on horses, ponies, dogs and as a premise spray.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE

SHAKE WELL BEFORE USE – Ready to use. No mixing necessary. Hold container upright and spray as directed. EVERCIDE® Horse & Dog Spray 28022 may be applied directly with either a soft cloth or fine mist spray.

DIRECTIONS:

To operate sprayer, [turn tip to proper setting [for] (broad) (fine)] spray surfaces or pinstream [for] cracks and crevices, and pump trigger to spray as directed. [Do not operate in OFF position.] [After use, turn tip to OFF to avoid accidental spraying.]

For best results, follow directions for specific use areas. Do not use this product in or on electrical equipment due to possibility of shock hazard.

HORSES, PONIES AND FOALS: Do not apply to foals under 12 weeks of age. Kills and repels Stable Flies, Horn Flies, House Flies, Face Flies, Horse Flies, Deer Flies, Cluster Flies, Sciarid Flies, Mosquitoes including Culex species which has been known to transmit West Nile Virus, Gnats, Midges, Punkies and No-See-Ums, Carpenter Bees, Moths including Almond, Chocolate, Tobacco, Indian Meal, Angoumois Grain, and other flying moths, Fleas, Ticks including Grown Dog, Lone Star, Deer, Other Ixodid Species, American Dog, and Gulf Coast), Chiggers and Lice.

For initial treatment, apply 1-2 ounces daily for 2 to 3 days. (As infestation subsides, repeat treatment every 7-14 days or as prescribed by a veterinarian). Also re-apply every time animal is washed or exposed to heavy rain.

USE AS A WIPE ON: Brush animal to remove excess dirt and dust. Moisten but do not wet to the point of dripping a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen. Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin. After application, brush thoroughly to bring out bright sheen on the coat.

USE AS A SPRAY: (Remove the cap and heat seal. Insert the hose into the bottle and secure the cap onto the bottle) (Activate the sprayer by pumping the handle 3 to 4 times. Press the trigger to spray) Apply to face, legs, flanks, top line and other body areas commonly attacked by flies. Do not wet horse's skin or exceed two ounces per application. After application, brush thoroughly to bring out a bright sheen on the coat.

DOGS: Kills and repels fleas, ticks and lice. Consult a veterinarian before using this product on debilitated, medicated, aged, pregnant or nursing animals. Do not apply to puppies under the age of 12 weeks.

Cover animal's eyes with a hand. Do not spray directly on mouth, nose and eyes. Spray head, ears and chest until damp. With fingertips, rub into face, around mouth, nose and eyes. Then spray from the neck to the tail, finishing legs last. For best penetration of spray to skin and on heavily coated animals, direct spray against the natural lay of the hair, spraying the ruffled hair directly behind the hand. Make sure the spray thoroughly wets ticks. (When used on miniature and toy breeds of dogs, towel dry the animal after ½ hour if not totally dry.) Avoid contact with genitalia.

USE AS A PREMISE SPRAY: Kills insects on contact such as: Cockroaches, including Smoky Brown, Brown Banded, Asian, German, American, Australian and Oriental Scorpions, Black Widow Spiders, Cellar Spiders, Grain Mites, Clover Mites, Beetles, including Carpet, Flat Grain, Flour, Cigarette, Confused Flour, Drugstore, Lesser Grain Borer, Merchant Grain, Sawtoothed Grain, Warehouse, Red Flour, Ground, Elm Leaf and Rice Weevils, Centipedes, Millipedes, Fire Ants, Carpenter Ants, Foraging Ants and Pharaoh Ants, Palmetto Bugs, Water Bugs, Cadelles, Indian Meal Worms, Sowbugs, Boxelder Bugs, Earwigs, Pillbugs, Firebrat, Silverfish, Clothes Moths, Booklice, and Crickets. Cover all food handling surfaces and remove all food and cooking utensils, or wash thoroughly after treatment. Cover or remove exposed food. Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door facings and screens to render area unattractive to insects. This will help to repel insects and prevent entrance into building.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store product with spray nozzle closed. Store in a cool, dry storage area, preferably one that can be locked. Store container upright and in the original container.

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.
If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
