SUBJECT: Application for Pesticide Notification (PRN 98-10)
Request Alternate Brand Name "Vendetta Cockroach Gel Bait"
EPA Reg. No. 1021-1828
Application Dated December 14, 2006

Dear: Ms. Schlekau,

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated 12/14/2006 for the above product. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the action(s) requested fall within the scope of PRN 98-10. The Confidential Statement of Formula (CSF) and/or label submitted with the application has (have) been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Owen F. Beeder of my staff at 703-308-8899.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

Subject: Notification per PR Notice 98-10
MGK® Roach Bait 2822
Vendetta™ Cockroach Gel Bait (ABN)
EPA Reg. No. 1021-1828

Dear Sir/Madam:

Please find enclosed a Notification per PR Notice 98-10, where we are adding the Alternate Brand Name Vendetta™ Cockroach Gel Bait to the above registration.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions or need further information, please feel free to give us a call.

Sincerely,

Julie B. Schlekau
Registration Specialist

 Total Net Weight: 120 g. (4.2 oz.)

Item Number: 79289-040

Vendetta™

COCKROACH GEL BAIT

DIRECTIONS FOR USE: It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Do not apply to humans, animals, clothing, or bedding.

Do not contaminate feed or food products, or food preparation surfaces, dishes, kitchen utensils or food containers.

Do not use residual insecticide sprays on or near Vendetta.

GENERAL USE DIRECTIONS: This product is for use only as a spot or crack and crevice treatment for the indoor control of Cockroaches in residential areas (only in areas inaccessible to children and pets) and both food/feed and non-food/non-feed areas of institutional, warehousing, and commercial establishments, including warehouses, restaurants, food processing plants, supermarkets, hospitals, nursing homes, motels, hotels, schools, laboratories, computer facilities, buses, boats/ships, trains, pet shops, and zoos.

Non-food/non-feed areas are areas such as garbage rooms, lavatories, entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Food/feed areas include areas for receiving, storage, packing (canning, bottling, wrapping, and boxing), preparing edible waste storage, and enclosed processing systems (mills, dairies, edible oils, and syrups). Serving areas are also considered a food/feed area when food is exposed and facility is in operation.

Vendetta is for use in controlling Cockroaches indoors. The pre-filled plastic reservoir containing Vendetta is intended for use with bait injector application devices common to the pest control industry. Inject into cracks and crevices, void spaces, and other locations where insects may harbor, live, and breed. Concentrate the bait placements as individual spots at insect activity sites (only in areas inaccessible to children and pets).

Do not place bait in locations that are routinely washed, as bait will be removed by washing. Do not place treatments in locations where routine cleansing operations may transfer diluted bait to food or food preparation surfaces. Do not treat food preparation surfaces. Do not use this product in or on electrical equipment where a possibility of shock hazard exists. Avoid contact with textiles and clothing, as bait may stain.

Avoid placing gel on fabrics or carpets since it may stain some absorbent materials. To prevent staining, exposed bait should be cleaned up immediately with a damp cloth or sponge.

APPLICATION RATES: For light infestations of Cockroaches, 4 to 6 bait points are recommended per 100 square feet of treatment area. For heavy infestations of Cockroaches, 12 to 24 bait points are recommended per 100 square feet of treatment areas. Each bait point should equal about 0.25 to 0.50 grams of product. A spot approximately 3 mm, or 1/8 inch in diameter equals 0.25 grams of product, while a spot approximately 6 mm, or 1/4 inch in diameter equals 0.50 grams of product.

TO APPLY GEL:

1. Remove the cap from the nozzle, touch the top to the surface to be treated, and push down on the plunger. Apply bait as spots in cracks and crevices. Recap the dispenser after treatment is completed.
2. Store in a cool, dry place.
3. Do not apply gel to areas that have been recently sprayed with insecticide, and do not spray insecticide over gel, as this may cause the bait to become repellent.
4. The bait will adhere to non-greasy or non-dusty surfaces and will remain pliable and palatable to Cockroaches as long as it is visibly present.
5. A visual inspection of bait placements is recommended at one month after the initial treatment. Reapply when bait is no longer visibly present, according to the level of infestation. Do not allow bait to be completely consumed to keep Cockroaches returning.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND
DOMESTIC ANIMALS**

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish and wildlife. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters.

PHYSICAL OR CHEMICAL HAZARDS: Do not apply this product around electrical equipment due to the possibility of shock hazard.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container closed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Do not reuse container. Place empty container in trash or offer for recycling if available. If container is partly filled, call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
