## DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### SHAKE WELL BEFORE USE

#### Kills Wasps, Yellow Jackets, Mud Daubers and Hornets:

To treat nests:

1. Spray at sunrise or sunset [dusk] when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath or above nest.
3. Shake can well before each use. Always hold can upright while spraying.
4. With wind at your back, aim nozzle at nest and spray until soaked.
5. Wait 24 hours before removing the nest.

#### Kills other insects, including Spiders (including Black Widows), Scorpions, Crickets, Ants (excluding carpenter ants, fire ants and harvester ants), Centipedes and Earwigs:

1. Spray 1 – 2 second bursts directly on insects.

2. For scorpions, stand 3-4 feet away and thoroughly cover the insect. Make sure scorpions are dead before removing.

Use Precautions:

1. Avoid spraying plants. Rinse any foliage that is contacted with water.
2. This product is non-staining to most home siding and shingles, depending on age and cleanliness. Before using in areas where product may come in contact with home surfaces, test in an inconspicuous area first and observe for staining potential.
3. Do not use this product around electrical equipment or outlets because of possible shock hazard.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry place away from heat or open flame, preferably in a locked storage area.

#### **DISPOSAL:**

Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
