McLaughlin Gormley King Company D/B/A MGK
7325 Aspen Lane N
Minneapolis, MN 55428

Subject: Notification per PRN 98-10 – Added alternate brand name
Product Name: EVERCIDE WASP & HORNET SPRAY 26012
EPA Registration Number: 1021-1852
Application Date: 1/3/24
Case Number: 494978

Dear Thomas A. Lennan:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The alternate brand name, "Onslaught PowerShot Wasp & Hornet Aerosol" has been added to the product record.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If you have any questions, please contact Eric Ingram at 202-566-0061 or at ingram.eric@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed in a simple oval scribble.

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutters, or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For limited outdoor residential application to building surfaces and perimeters (spot treatments) on structures only.

SHAKE WELL BEFORE USE

USE RESTRICTIONS

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- THIS PRODUCT IS FOR LIMITED OUTDOOR RESIDENTIAL APPLICATION TO BUILDING SURFACES AND PERIMETERS (SPOT TREATMENTS) ON STRUCTURES ONLY.
- Do not make applications during rain.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- All outdoor applications, if permitted elsewhere on this label, must be limited to spot or crack and crevice treatments only, except for the following permitted uses, if allowed elsewhere on this label: (1) Applications to the side of a building, up to a maximum of 3 feet above grade; (2) Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure; and (3) Applications around potential pest entry points into buildings, when limited to a surface band not to exceed one inch in width.
- Avoid spraying plants. Rinse any foliage with water that is contacted by this product.
- Do not use this product around electrical equipment or outlets because of possible shock hazard.
- This product is non-staining to most home siding and shingles, depending on age and cleanliness. Before using in areas where product may come in contact with home surfaces, test in an inconspicuous area first and observe for staining potential.
- Application of this product is prohibited directly into sewers or drains, or to any area like a gutter where drainage to storm sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow this product to enter any drain during or after application.
- Remove pets, birds, and cover fish aquariums before spraying.

Kills Wasps, Yellowjackets, Mud Daubers and Hornets:

To treat nests:

1. Spray at sunrise or sunset [dusk] when insects are least active.
2. Stand a safe distance from the nest. Do not stand directly underneath or above nest.
3. Shake can well before each use. Always hold can upright while spraying.
4. With wind at your back, aim nozzle at nest and spray until soaked.
5. Wait 24 hours before removing the nest.

Kills other insects, including Spiders (including Black Widows), Scorpions, Crickets, Ants (excluding carpenter ants, fire ants and harvester ants), Centipedes and Earwigs:

1. Spray 1 to 2 second bursts directly on insects.
2. For scorpions, stand 3 to 4 feet away and thoroughly cover the insect. Make sure scorpions are dead before removing.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE

Keep this product in its tightly closed original container, when not in use. Store this product in a cool, dry (preferably locked) place away from food and pet food, and in an area that is inaccessible to children and animals.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Do Not Puncture or Incinerate!

Non-refillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.

Federal regulations prohibit CFC propellants in aerosols
