> Subject: Label Notification(s) for Pesticide Registration Notice 98-10 Adding non-public health pest to the label

Dear Mr. Lennan:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated June 15, 2010 for the following product(s):

#### Multicide Crawling Insect Killer 28651 EPA Reg. No. 1021-1855

The Registration Division (RD) has conducted a review of this request for applicability under PRN 98-10 and finds that the label change(s) requested falls within the scope of PRN 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on <u>nonrefillable</u> containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact Regina Foushee'-Smith at 703-605-0780.

Sincerely,

Pland Cubh

Richard J. Gebken Product Manager Insecticide Branch Registration Division (7505P)
