JUN 16 2008

Term of Issuance: Conditional

Name of Pesticide Product:

MGK F-2925(C)

NOTICE OF PESTICIDE:

x Registration
Reregistration
(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
a. Add the phrase "EPA Registration No. 1021-1874".
b. Include the label revisions for the Storage and Disposal section specified by PR Notice 2007-4, which is available at www.epa.gov/opppmsdl/PR Notices/pr2007-4.pdf.

Submit three copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if inhaled. Avoid breathing the smoke. Avoid contact with eyes. May cause sensitization following repeated contact with the skin of susceptible individuals. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands with soap and water after handling.

Do not use in food areas of food handling establishments, restaurants, etc.

PHYSICAL OR CHEMICAL HAZARDS

When metal cartridge comes in contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to prevent skin burns, do NOT touch metal container during this time. Heat resistant cup protects contact surfaces.

MGK® F-2925(C) is a deep-penetrating fumigating fogger that flushes bugs out from where they hide and kills them on contact. When activated, it fumigates the whole room with a white cloud of smoke. The smoke stays in the air during the 3-hour treatment, penetrating deep, filling cracks and crevices and going way under furniture and appliances to kill roaches and fleas where they hide. That is why it kills so many bugs! German roaches may take longer to kill than other bugs.

One unit treats a room of 3,000 cubic feet. For best results keep treated room closed for 3 hours.

Kills: Roaches (Palmetto bugs and Water bugs), adult fleas, ticks, mosquitoes, flies, ants and spiders.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

1. Room Preparation: Open cupboards, cabinets, and drawers. Remove or cover all exposed food, dishes, and utensils. Remove plants, pets, and birds. Cover and turn off fish aquariums. Close windows and doors. Shut off fans, air conditioners, and temporarily disconnect smoke alarms.
2. Treatment: Lift pull ring and remove top from cap. Remove metal insecticide cartridge from cap.

5/3

3. Add water to line near base of plastic cup. Do not over fill. Place it on the floor in the center of the room.
4. To Actuate: Place the metal cartridge in the plastic cup. DO NOT INSERT UPSIDE DOWN.
5. Fumigation starts within 1-2 minutes. Leave the room and keep doors and windows closed for 3 hours.
6. After Treatment: Before re-occupying area, open all doors and windows, and air for 30 minutes. Reactivate smoke alarms.

For household use (or for use in homes): Kitchens, living areas, garages, attics, basements, and pet living areas. Relieves infestations.

- Convenient-easy to use.
- Delayed fogging allows time to leave room.
- No oily residue on surfaces.

- No stains.

German cockroaches: This product takes longer to kill these roaches than other bugs.

STORAGE AND DISPOSAL

STORAGE: Store unused units in their original containers in dry area inaccessible to children.

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
