KEEP OUT OF REACH OF CHILDREN

CAUTION

See side/back panel for additional Precautionary Statements and First Aid.

FIRST AID	
IF INHALED:	<ul style="list-style-type: none"> ▪ Move person to fresh air. ▪ If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. ▪ Call a poison control center or doctor for further treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> ▪ Hold eye open and rinse slowly and gently with water for 15-20 minutes. ▪ Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. ▪ Call a poison control center or doctor for treatment advice.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> ▪ Take off contaminated clothing. ▪ Rinse skin immediately with plenty of water for 15-20 minutes. ▪ Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> ▪ Immediately call a poison control center or doctor. ▪ Have person sip a glass of water if able to swallow. ▪ Do not induce vomiting unless told to do so by a poison control center or a doctor. ▪ Do not give anything by mouth to an unconscious person.
<p>Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.</p>	

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Product smoke is harmful if inhaled. Avoid breathing the smoke. Avoid contact with eyes. May cause sensitization following repeated contact with the skin of susceptible individuals. Cover and turn off fish aquariums. Remove plants, pets, and birds before using. Wash hands with soap and water after handling.

Do not use in food areas of food handling establishments, restaurants, etc.

PHYSICAL OR CHEMICAL HAZARDS

When metal cartridge comes in contact with water, and for 30 minutes thereafter, it will be hot. This is normal. In order to prevent skin burns, do NOT touch metal container during this time. Heat resistant cup protects contact surfaces.

MGK® F-2925(C) is a deep-penetrating fumigating fogger. The smoke stays in the air during the 3-hour treatment, penetrating deep hard to reach areas, [including bed frames, behind bed headboards, seams of mattresses, box springs, pillows and other bedding, and going way[moves] under furniture and appliances to kill bed bugs, roaches and fleas where they hide. The penetrating fog will also move behind bed headboards, drawers around furniture, and other hidden areas where bed bugs are known to hide.

German roaches may take longer to kill than other bugs.

It is the first step for control of home pest problems such as Bed Bugs, Roaches (Palmetto bugs and Water bugs), adult fleas, ticks, mosquitoes, flies, ants and spiders.

With this new [simple to use] technology, you see the results [and not the (spray) residue].

When you return what you might expect to see:

- Hidden and Exposed Bed bugs Dead*
- Hidden and Exposed Roaches and Nymphs Dead*
- Adult fleas, Ticks, Mosquitoes, Flies, Ants and Spiders Dead*

*Exposed pests will exhibit suppressed emergence.

One unit treats a room of 3,000 (189' x 20' x 8')cubic feet[375 square feet.]. For best results keep treated room closed for 3 hours.

One unit will treat a room up to 19 feet by 20 feet with an 8 foot ceiling.

Kills: Bed bugs, Roaches (Palmetto bugs and Water bugs), adult fleas, ticks, mosquitoes, flies, ants and spiders.

For Guaranteed Results: Carefully Read and Follow Instructions.

For household use (or for use in homes and apartments.): For use in Kitchens, living areas, garages, attics, basements, and pet living areas. Relieves infestations fast.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

To Use This Product Correctly: Do not use multiple canisters in a room.

[Pictograms to illustrate the following are to be inserted in this location of the Directions for use:]
[Do not use multiple canisters in a room]

Do not use in commercial food /feed handling establishments, restaurants, or other areas/sites where food/feed is commercially prepared, processed, served or stored. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use following treatment.

Do not use in small, enclosed spaces such as closets, cabinets or under counters or tables.

[Pictograms to illustrate the following are to be inserted in this location of the Directions for use:]
[Do not use in small confined areas]

1. **BEFORE YOU FOG:** Open cupboards, cabinets, and drawers. Remove or cover all exposed food, dishes, and utensils. Remove plants, pets, and birds. Cover and turn off fish aquariums. Close windows and doors. Shut off fans, air conditioners, and temporarily disconnect smoke alarms. Exposed food should be covered or removed. [EPA PRE-APPROVED PICTOGRAM 5 representing "Remove or Cover Exposed Food"]
2. **TO START FOGGING:** DO NOT OPEN UNTIL READY TO USE. TAKE OFF THE PLASTIC LID OF THE CONTAINER. The paper lid can be thrown away. Take the fumigator out of the plastic cup and tear off the aluminum packaging. Fill out and place hang tag on the door to the treated area to alert family and others with access to the treated area not to enter for 3 hours.
3. Fill plastic cup with water to fill line, Place canister with arrows pointing up into cup with water. DO NOT OVER FILL. DO NOT INSERT UPSIDE DOWN.
4. Place it on the floor in the center of the room. The water will slowly activate the fumigator allowing time for you to leave the room.
5. **VACATE THE TREATED HOUSE, INDIVIDUAL APARTMENT UNIT, OR OTHER STRUCTURE IMMEDIATELY.**
6. Fumigation starts within 1-2 minutes. Leave the room and keep doors and windows closed for 3 hours. **Do Not re-enter for 3 Hours**
7. {Insert pictogram of a clock with three hours shaded out.}
8. **AIRING OUT:** Before re-occupying area, open all doors and windows, and air for 30 minutes. Reactivate smoke alarms.

[A Pictogram to illustrate the following is to be inserted in this location of the Directions for use:]
[Air out room before entering]

German cockroaches: This product takes longer to kill these roaches than other bugs.
