Subject: Label Amendment - Registration Review Mitigation for Esfenvalerate
Product Name: MGK FORMULA 29321
EPA Registration Number: 1021-2556
Case Number: 472245
Application Date: February 14, 2022

Dear Thomas Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Esfenvalerate Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for

shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Nicholas Geroux by phone at (202) 564-4093, or via email at geroux.nicholas@epa.gov.

Sincerely,

A handwritten signature in blue ink that reads "Dana L. Friedman". The signature is written in a cursive, flowing style.

Dana L. Friedman, Chief
Risk Management and Implementation Branch 1
Pesticide Re-Evaluation Division
Office of Pesticide Programs
U.S. Environmental Protection Agency

ENCLOSURE: Stamped label

MGK Formula 29321

[] denotes optional wording.

[FAST KNOCKDOWN]
[READY-TO-USE INDOORS]
[Kills Home Invading Pests On Contact]
[Kills Ants, German Cockroaches, Spiders, Fleas and Ticks (including ticks which may transmit Lyme disease)]
[Keeps on killing (up to) (12 months) (1 year)*]
[Kills Adult, Pre-Adult (larvae) Fleas and their hatching eggs for up to 8 weeks (2 months)]
[Water-based, Non-Staining, No Oily Residue]
[Economical Do-It-Yourself Pest Control]
[Trigger Sprayer Included]
[Long Lasting]
[Kills by Contact]

[Use indoors to kill the bugs that you have and around windows, door frames and screens to keep insects from gaining entry]

[Kills exposed pests where they hide: in cracks and crevices, around baseboards, beneath stoves, sinks, refrigerators and in cupboards]
[Use around doors, door frames, windows to keep pests out]
[Kills listed insects including Ants, German cockroaches, Spiders and Fleas]
[Kills bed bugs]
[Kills the pests you have and helps prevent future pests from entering the home]
[Helps keep insects from entering your home]
[Up to 12 months (1 year) of indoor insect protection*]
[No odor] [No added fragrance]
[Odor Free]
[Invisible indoor perimeter protection]
[Easy to use]
[Immediate insect killing action + long term control]
[Kills listed crawling insects and aids in controlling listed nuisance flying insects]
[Pinpoint Spot Control – use it only where you need it]

*For German Cockroaches on indoor non-porous surfaces only

ACTIVE INGREDIENT:

Esfenvalerate (S)-cyano(3-phenoxyphenyl)methyl-(S)-4-chloro-alpha-(1-methylethyl)benzeneacetate	0.025%
Imiprothrin ([2,5-Dioxo-3-(2-propynyl)-1-imidazolidinyl]methyl (1RS)-cis, trans-chrysanthemate)	0.025%
*OTHER INGREDIENTS	99.950%
	100.000%

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if swallowed. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic organisms. Do not apply directly to water. Drift or runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwaters or rinsate.

PHYSICAL OR CHEMICAL HAZARDS

Do not use this product in or on electrical equipment due to the possibility of shock hazard.

MGK Formula 29321 is an effective formulation which kills crawling insects fast. It stays on treated surfaces and provides residual insect killing power for up to three months.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product
in a manner inconsistent with its labeling.

FOR INDOOR USE ONLY

READ ENTIRE LABEL BEFORE USE.

SHAKE WELL BEFORE USE.

RESTRICTIONS:

Do not allow to enter indoor or outdoor drains. No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm² or 0.25 sq. in. unless size is greater than 10% of label size}

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed.

PRECAUTIONS: People and pets should not be allowed in treated areas until spray has dried. Do not use this product on pets. Avoid contamination of food and feedstuffs.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.

Sprayer Instructions:

How to prime and care for your sprayer:

1. After shaking product well, remove cap from container and replace with sprayer hose and cap assembly. Tighten securely.
2. Turn sprayer nozzle one half turn counter-clockwise. Hold sprayer below the level of container and prime by pumping trigger 10-15 times until product is dispensed. Adjust nozzle to fine spray or jet stream as needed.
3. To store, turn nozzle to "off" position and store with sprayer above level of liquid in container to prevent leakage.

GENERAL: Apply as a coarse, wet spray to thoroughly treat hiding places such as cracks, crevices, moist areas around pipes, under refrigerators, and along baseboards to control pests listed below. Spray directly on insects when possible. Do not permit humans or pets to contact treated surfaces until the spray has dried.

INDOORS:

For control of Carpet Beetles: Thoroughly spray along baseboards and edges of carpeting; under carpeting, rugs and furniture; in closets; on shelving; and wherever else insects are seen or suspected.

Note: Check carpet manufacturer's warranty and care and maintenance information before using product on your specific brand of carpeting.

To kill Ants, German Cockroaches, Crickets, Earwigs, Millipedes, Psocids, Silverfish, Sowbugs, Spiders, and Waterbugs:

Spray areas where these pests are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators and cabinets; and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For Ants, apply to ant trails, around doors and windows, and wherever these pests may find entrance.

To kill Brown Dog Ticks and Fleas: For Control of Brown Dog Ticks, thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters; nearby cracks and crevices; along and behind baseboards, window and door frames; and localized areas of floors and floor coverings where these pests may be present. For control of Fleas, thoroughly apply a fine particle broadcast spray to infested rugs, carpets, and pet resting areas. Prior to treatment, aquariums and fish bowls should be covered, and birds, such as canaries, should be removed from the area. Do not permit humans or pets to contact treated surfaces until spray has dried. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Do Not Spray Pets With This Product. Treat dogs and cats with a product registered for use on animals. Also, treat your yard with a product registered for yard application.

To kill Bed Bugs: Apply as a spot treatment to cracks and crevices and around baseboards, floorboards, headboards, and walls. First, thoroughly clean and air mattresses and springs, then spot treat only areas that may harbor pests. On mattresses, concentrate on tufts, folds, and seams.

To kill Carpenter Ants: Use a coarse spray around doors, doorframes, windows, and other areas where these ants enter the premises or hide. Spray into cracks and crevices, through openings or small, newly-drilled holes into wall voids where these ants or their nests are present.

Flies and Mosquitoes: For use only as an aid in controlling these insects. Spray outside surfaces of screens, doors, window frames, or wherever insects may enter the room. Also spray surfaces around light fixtures, on porches, in garages, and other places where insects alight or congregate.

STORAGE AND DISPOSAL

Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE:

Store in cool dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING:

Nonrefillable container. Do not reuse or refill this container.

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for local disposal options.
