

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505C)
 1200 Pennsylvania Avenue NW
 Washington, D.C. 20460

EPA Reg. Number:
 1021-2570

Date of Issuance:
 11/22/2011

Term of Issuance:
 Conditional

Name of Pesticide Product:
 Multicide® Spray 29512

NOTICE OF PESTICIDE:
 Registration
 Reregistration
 (under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

McLaughlin Gormley King Company
 8810 10th Ave North
 Minneapolis, MN 55427

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA sec 3(c)(7)(A), contingent on the following:

1. Make the following labeling changes before releasing the product for shipment:
 - a. Revise the EPA Registration Number to read: "EPA Registration No. 1021-2570".

Signature of Approving Official:

See page 2

Richard Gebken,
 Product Manager (RM 10)
 Insecticide Branch
 Registration Division (MC 7505P)

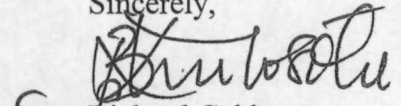

Date:

November 22, 2011

- 2. Within sixteen (16) months of the date on this Notice of Registration (NOR), provide to the Agency acceptable data packages for Guideline Studies: OPPTS 830.6320 (*Corrosion Characteristics*) and OPPTS 830.6317 (*Storage Stability*).
- 3. Within twelve (12) months of this notice, submit to the Agency the following confirmatory product specific data:-
 - a. Residual efficacy through 14 days against adult bed bugs on the following surfaces: mattress ticking, medium pile carpet, unpainted wood, ceramic tile, filter paper, and cotton fabric.
 - b. Bed bug egg kill data from direct spraying and from contact with dried residues on filter paper surfaces.
 - c. Dust mite kill data on mattress ticking surface.
- 4. You must submit and/or cite all data required for registration of your product under FIFRA Section 3(c)(5) when the Agency requires all registrants of similar products to submit such data, and submit acceptable responses required for re-registration (registration review) of your product under FIFRA section 4.
- 5. The Agency must receive copy of the finished labeling prior to releasing the product for shipment. If you fail to comply with the above stated conditions, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes your acceptance of these conditions.

A copy of the label stamped "Accepted with Comments" is enclosed for your records. If you have any questions concerning this action, please contact me or Dr. B. A. Akinlosotu via (703) 605-0653 or akinlosotu.bonaventure@epa.gov.

Sincerely,

Richard Gebken,
 Product Manager (RM 10)

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if swallowed. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
in a manner inconsistent with its labeling.

[STOP; READ ENTIRE LABEL BEFORE USE]

USE RESTRICTIONS:

This product is not for use on humans or animals:

In the home, all food preparation and eating surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food/ should be covered or removed. Remove pets, birds and cover fish aquariums before spraying.

Do not apply to bed linens or surfaces that will be in direct contact with occupants of the bed.

Do not apply as a broadcast surface spray.

Not intended for commercial applications.

SHAKE WELL BEFORE EACH USE.

APPLICATION: Use only as a spot treatment or crack & crevice application in residences. Spray in an inconspicuous area to test for possible staining or discoloration. Evaluate test area after drying. Hold container upright with nozzle aimed away from you. Spray surfaces from a distance of 8 to 10 inches until slightly damp. Vacate room after treatment and ventilate before reoccupying. Do not allow children or pets to contact treated areas until surfaces are dry. Allow sprayed articles and surfaces to dry thoroughly before using or replacing bedding.

TO KILL CRAWLING INSECTS: Spray as spot or crack & crevice application where insects are harboring, moving, or breeding. Treat feeding or hiding areas such as baseboards, carpet, floor, rugs, under refrigerators, cabinets, sinks, and stoves. Also treat interior entry points such as doors, around windows, and water pipes.

TO KILL BED BUGS AND BED BUG EGGS: Spray bugs directly when possible. Apply on and around bed frames, headboards, floors, carpeting, baseboards, furniture, moldings, ceiling, and walls. For infested mattresses, apply to tufts, folds, edges, sides, and seams until moist. Allow to dry before remaking bed. For infested furniture, apply only to tufts, seams, folds, and edges. Do not apply to surfaces where prolonged human contact will occur. Also for spot treatment of luggage, closets, drapes and other window or wall appointments.

TO KILL BROWN DOG TICKS and FLEAS: Spray around beds, furniture and pet's habitat. Spray pet sleeping quarters, bedding, carpeting, floor and floor covering where pets are kept. Use only a recommended pet spray on pets.

TO KILL DUST MITES: Thoroughly vacuum entire room concentrating on areas where mites congregate: such as mattresses, box springs, headboards, walls, floors, carpeting, and baseboards. Then spray surfaces until damp.

TO KILL CLOTHES MOTHS AND CARPET BEETLES: Apply as a spot treatment to cracks and crevices on and around baseboards, floorboards, furniture, and around the edges of carpet. Apply as a spot spray to carpet, rugs, closets, baseboards, furniture, on floor and floor coverings. When treating carpets or rugs, spray sufficient amount to get into the base where the larval stages are feeding. Spray both top and bottom surface of rugs or floor covering when possible.
