Note Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce In any correspondence on this product always refer to the above EPA registration number

On the basis of information furnished by the registrant the above named pesticide is hereby registered under the Federal Insecticide Fungicide and Rodenticide Act

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency In order to protect health and the environment the Administrator on his motion may at any time suspend or cancel the registration of a pesticide in accordance with the Act The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you

- 1 Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data
- 2 Storage stability (830 63 17) and corrosion characteristics (830 6320) data must be submitted within 18 months from the date of this registration notice
- 3 Make the following label change before you release the product for shipment

Revise the EPA Registration Number to read, "EPA Reg No 1021-2593"

3 The Basic Confidential Statement of Formula (CSF) dated 3/11/12 and Alternate CSF A dated 3/14/12, are acceptable and are the only approved CSF's for this product

4 **Note** Should you wish to add a reference to the company's website on your label, please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, **regardless of whether a website is referenced on your product's label**, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

5 Submit one copy of the revised final printed label for the record before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records. If you have any questions regarding this notice, please contact Jessica Rogala via e-mail at rogala.jessica@epa.gov or by telephone at (703) 347-0263.

[] OR () indicates alternate or optional wording

New (for 6 months)

- [Advanced German Roach Defense System]
- [Clean Effective and Easy to Use]
- [Clean Odorless Bait]
- [Effective against German Cockroaches]
- [Kills German Roaches Where They (Breed) (Hide) (Live)]
- [Protects and Defends Against German Roaches]
- [Stops German Roaches Before They Become a Problem]
- [Relief from Even Severe German Roach Infestations]
- [Works Around the Clock]
- [Effective on both Averse and Non Averse German cockroach Populations]

- [Contains NyGuard IGR]
- [Breaks the life cycle of German Cockroaches]
- [Disrupts normal development of immature German cockroaches]
- [Prevents development of adult German cockroaches]
- [Inhibits development of exposed nymphs]
- [Prevents development of reproductive German cockroaches]
- [Prevents reproduction of German cockroaches]
- [Reduces the population by preventing reproduction]
- [Dual Modes of Action]
- [Dual Action]
- [Combines Two Modes-of Action]

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals
Wear Long sleeved shirt and long pants, Socks, Shoes, and gloves Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and wildlife Do not apply directly to water Do not contaminate water by cleaning of equipment or disposal of equipment wash waters

PHYSICAL OR CHEMICAL HAZARDS

Do not apply this product around electrical equipment due to the possibility of shock hazard

MGK Bait Plus IGR [Brand name] effectively kills German cockroaches and helps prevent reproduction through the effects of the insect growth regulator including inhibited development of nymphs and reproductive adults, sterility of adults, reduced insect fitness behavioral changes, reduced egg production, deformed insects (twisted wings) and death

For Household Use – In closets basements attics recreation rooms living areas kitchens bathrooms dining rooms pantries food storage shelving waste receptacles etc

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product
In a manner inconsistent with its labeling

USE RESTRICTIONS

- Do not apply to humans animals clothing or bedding
- Do not contaminate feed or food products or food preparation surfaces dishes kitchen utensils or food containers
- Do not use [residual] [insecticide] sprays on or near [gel] [MGK@Formula 2976] [Brand name]
- DO NOT APPLY ANY BAIT IN COCKPIT AREAS OF AIRCRAFT

GENERAL USE DIRECTIONS

This product is for use only as a spot or crack and crevice treatment for the indoor control of German roaches [German Cockroaches] in residential areas (only in areas inaccessible to children and pets) and both food/feed and non-food/non-feed areas of institutional warehousing and commercial establishments including warehouses restaurants food processing plants supermarkets hospitals nursing homes motels hotels schools laboratories computer facilities buses boats/ships aircraft trains pet shops and zoos

Non food/non-feed areas area areas such as garbage rooms lavatories floor drains (to sewers) entries and vestibules offices locker rooms machine rooms boiler rooms garages mop closets and storage (after canning or bottling)

Food/feed areas include areas for receiving storage packing (canning bottling wrapping and boxing) preparing edible waste storage and enclosed processing systems (mills dairies edible oils and syrups) Serving areas are also considered a food/feed area when food is exposed and facility is in operation

Do not apply bait to areas where food utensils or food preparation surfaces may become contaminated Care should be taken to avoid depositing gel onto exposed surfaces If gel contacts an exposed surface remove gel and wash exposed surfaces During follow up visits inspect bait placements and re apply when necessary

Do not place bait in locations that are routinely washed as bait will be removed by washing Do not place treatments in locations where routine cleansing operations may transfer diluted bait to food or food preparation surfaces Do not treat food preparation surfaces Do not use this product in or on electrical

equipment where a possibility of shock hazard exists Avoid contact with textiles and clothing as bait may stain

Avoid placing gel on fabrics or carpets since it may stain some absorbent materials To prevent staining exposed bait should be cleaned up immediately with a damp cloth or sponge

MGK Formula 2976 [Brand name] is for use in controlling German roaches [Cockroaches] indoors The pre filled plastic reservoir containing **MGK Formula 2976 [Brand name]** is intended for use with bait injector application devices common to the pest control industry Inject into cracks and crevices void spaces and other locations where insects may harbor live and breed Concentrate the bait placements as individual spots at insect activity sites (only in areas inaccessible to children and pets)

APPLICATION RATES

For light infestations of German roaches [German Cockroaches] 4 – 6 bait points are recommended per 100 square feet (9.3 m2) of treatment area For heavy infestations of German roaches [German Cockroaches] 12 – 24 bait points are recommended per 100 square feet (9.3 m2) of treatment areas Each bait point should equal about 0.25 to 0.50 grams of product A spot approximately 3 mm or 1/8 inch in diameter equals 0.25 grams of product while a spot approximately 6 mm or 1/4 inch in diameter equals 0.50 grams of product

TO APPLY GEL

- 1 Remove the cap from the nozzle touch the top to the surface to be treated and push down on the plunger Apply bait as spots in cracks and crevices Recap the dispenser after treatment is completed
- 2 Store in a cool dry place
- 3 Do not apply gel to areas that have been recently sprayed with insecticide and do not spray insecticide over gel as this may cause the bait to become repellent
- 4 The bait will adhere to non-greasy or non-dusty surfaces and will remain pliable and palatable to German roaches [German Cockroaches] as long as it is visibly present
- 5 A visual inspection of bait placements is recommended at one month after the initial treatment Reapply when bait is no longer visibly present according to the level of infestation [Replace bait before it is] [Do not allow bait to be] completely consumed to keep German roaches [German Cockroaches] from returning

APPLICATIONS IN AIRCRAFT DO NOT APPLY ANY BAIT IN COCKPIT AREAS OF AIRCRAFT

Application within passenger areas of aircraft is limited to Crack & Crevice treatment only Apply [MGK Formula 2976 [Brand name]] in areas between elements of construction (such as areas under sinks openings around pipes under shelving where shelving meets other shelves or the wall areas between and around microwaves where support braces attach to the main structure and where seats are attached to the floor) Use 12 -24 bait placements per 100 sq ft (9.3 m2)

STORAGE AND DISPOSAL
Do not contaminate water food or feed by storage or disposal
<u>STORAGE</u> Store in a cool dry place Always store pesticides in the original container Store away from food and pet food
<u>PESTICIDE DISPOSAL AND CONTAINER HANDLING</u> Nonrefillable container Do not reuse or refill this container If empty Place in trash or offer for recycling if available If partly filled Call your local solid waste agency for disposal instructions Never place unused product down any indoor or outdoor drain
