Subject: PRIA Label Amendment – Request to add directions for use to treat wasp, hornet and yellow jacket nests.
Product Name: MGK® 29872
EPA Registration Number: 1021-2607
Application Date: February 4, 2016
Decision Number: 513568

Dear Mr. Ditto:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

Federal regulations prohibit CFC propellants in aerosols

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Contains Petroleum Distillate. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing or other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

Users should wash hands before eating, drinking, chewing gum, using tobacco, or using the toilet.

Users should remove clothing/PPE immediately if pesticide gets inside, then wash thoroughly and put on clean clothing.

Users should remove PPE immediately after handling this product. As soon as possible, wash thoroughly and change into clean clothing.

PERSONAL PROTECTIVE EQUIPMENT

Wear long-sleeved shirt and long pants, socks, shoes, and chemical resistant gloves (such as Barrier Laminate, Nitrile Rubber, Neoprene Rubber, Viton, Selection Category E). Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish and aquatic invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on plants or weeds. Do not apply this product while bees are foraging in the treatment area. Do not apply this product to plants that are flowering. Only apply after all flower petals have fallen off.

PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE

USE RESTRICTIONS:

- Do not contaminate food and feedstuffs
- Do not apply when food is present.
- Do not allow adults, children, or pets to enter the treated areas until sprays have dried.
- Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by the label.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not use in commercial food/feed processing, preparation, storage, or serving areas.
- Remove pets and birds and cover fish aquariums before spraying, and turn aquarium systems off.
- Do not water treated area to the point of runoff.
- Do not make applications during rain.
- All outdoor applications must be limited to spot treatments on structures only.
- All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.
- Do not apply directly to water.
- Do not apply within 25 feet of lakes, streams, ponds, estuaries, oceans or other waters.

OUTDOOR USES: As a spot treatment to building surfaces under eaves, near window frames, doorways, carports, picnic areas, and outdoor play areas.

INDOOR USES: For spot treatment in attics.

[Areas for Application: Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries.

For Use In and Around Telecommunications, Power, Utilities and Railroad Systems Equipment

For use in and around buried cables, cable television pedestals, cables, pad-mounted air conditioning units, pad mounted electric power transformers, telephone cables, underground vaults, telecommunications equipment (boxes, closures, interfaces, pedestals, protectors and terminals), power and utilities equipment (camera housings, control panels, emergency light systems, fire alarm systems and lights/alarms) and railroad systems equipment (breaker boxes, railroad signals, traffic control boxes and signals, and transformer pads).]

Before Spraying insects, shake can and give a short burst to ensure proper pressure.

Kills insects anywhere they live and breed. Insects will fall to the ground and die after spraying.

Option 1: Spot Spray

[Kills/To kill] Wasps, Hornets, Yellowjackets, Bees, Spiders (excluding Black Widow, Brown Recluse and hobo Spiders), Scorpions:

1. Spray 1-2 seconds until surface is moist to kill listed pests under eaves, around screens, windows, doors, patios, cracks, holes and crevices or wherever insects are noticed.
2. To prevent listed pests from entering the home, spray around areas where they enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges.

Spider & Scorpion Spot Spray Option

To kill Spiders (excluding Black Widow, Brown Recluse and Hobo Spiders) and scorpions:

1. Spray underside of eaves 1-2 seconds until surface is moist to kill spiders. Also apply as a spot treatment to building surfaces, around screens, windows, doors, patios, cracks, holes and crevices or wherever listed pests are noticed.
2. To prevent listed pests from entering the home, spray around areas where they enter such as outdoor plumbing, faucets, etc. and cracks or crevices in foundations as well as along sills and ledges.

Spider & Scorpion Direct Spray Option

To Kill (other insects, including) Spiders (excluding Black Widow, Brown Recluse and Hobo Spiders) and Scorpions as direct spray:

1. Spray short 1-2 second bursts directly on listed pests.
2. For scorpions, stand 3-4 feet away and thoroughly cover the insect. Make sure scorpions are dead before removing.

Use Tips:

1. If windy, stand with the wind at your back to avoid spray drift.
2. Avoid spraying vegetation directly
3. Rinse with water any desirable foliage that is contacted with spray.
4. Avoid spraying desirable plants. Rinse with water any desirable foliage that is contacted with spray.
5. This product may stain vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Before using in areas where spray may contact these surfaces, test in an inconspicuous area and recheck in a few hours.

[Notice: Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE

Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Do Not Puncture or Incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.

OPTIONAL MARKETING CLAIMS:

Note to PM: When qualified claims are used on the market label, the qualifying statement will appear in close proximity to the claim when it does not impact any mandatory language.

"New" claims to be used for six months from date of product launch

- 1) New
- 2) New [SumiFreeze™] Fast Acting Formula/Technology
- 3) New [SumiFreeze™] Formula/Technology Kills listed [Flying] insects
- 4) New [SumiFreeze™] Dual Action Formula/Technology

Kill Claims

- 5) Kills/Stops/Incapacitates bugs/Yellowjackets/Wasps / Hornets/ Bees/ [listed insects]
- 6) [Stinging] Insects/Listed Bugs are knocked down and stay down
- 7) Knock 'em down and sweep 'em up
- 8) Knocks [stinging] insects out cold
- 9) SumiFreeze™ brings them to their "knees"

- 10) Killing/Incapacitating insects/Yellowjackets/ Wasps / Hornets/ Bees/ [listed insects] is a breeze with SumiFreeze™
- 11) Kills/Stops/Incapacitates Wasps/Hornets/Bees/Yellowjackets/Mud Dauber/Papernest Wasps [and other listed [stinging] insects]
- 12) [Also] Kills/Stops/Incapacitates Spiders*/Scorpions/[and other listed insects]
- 13) Wasp/Hornet/Bee/Yellowjacket/Mud Dauber/Papernest Wasp/Scorpion Killer
- Kills Wasps/Hornets/Yellowjackets

*Excluding Black Widow, Brown Recluse and Hobo Spiders

Oil-based formula claims

- 14) Specially Formulated for the Utility Industry
- 15) Dielectric Strength: 49.6 kV [49,600 volts]
- (Electrically) non-conducting up to 49.6 kV [49,600 volts]

Site Use Claims

- 16) [Areas for Application:] Specially formulated for use in and around Telephone, Power, Cable, Electronics and Utility Equipment and Industries.
- 17) Also used for Homes, Motels, Hotels and Non-Food Areas of Industrial, Institutional and Commercial Buildings including Stores, Manufacturing Plants, Warehouses and Hospitals (non-patient areas).
- 18) Indoor Uses: Attics
- 19) Outdoor Uses: under eaves, near window frames, doorways, carports, picnic areas and building surfaces protected from rainfall / runoff.
- 20) Use with confidence in [listed sites].

General Claims

- 21) [Convenient] Ready/Easy to Use [Formula]
- 22) Defends/Protects your home against [Unwanted/Unsightly]/Crawling Pests/Bugs/Insects
- 23) Defends/Protects your eaves from spiders* [and their webs]
- 25) No Ozone Depleting Propellants
- 27) Guaranteed Kill or your money back
- 30) Uses/Contains/With SumiFreeze™ Technology
- 31) [Ready-to-Use] Wasp and/& Hornet Killer
- 32) Fast, Easy Clean-up

*Excluding Black Widow, Brown Recluse and Hobo Spiders

Distance Claims

- 34) Effective/Shoots/Reaches up to [15] [18] Feet [Off the Ground]
- 35) Fifteen/Eighteen [15] [18] Foot Range
- 36) Reaches eaves up to [15] [18] Feet [Off the Ground]
- 37) Jet Spray

Dual Ingredient Claims

- 38) Dual Action [Control/Protection/Formula]
- 39) Dual-Action [Fast Acting]
- 40) Contains two different active ingredients
- 41) Two active ingredients in one product
- 42) [Dual Action] Fast Acting

Speed of Action Claims

- 43) Contains/With Fast Acting Immobilizer
- 44) Kills/Incapacitates [listed bugs]Fast/Quick[ly]
- 45) Quick/Fast Knockdown [and Kill]
- 47) Provides Rapid Knockdown and Kill
- 48) Quick/Fast Kill
- 49) Fast Acting [Formula/Technology]
- 50) Fast Kill
- 52) Kills with Speed
- 55) Fast Effect/Action
- 56) Insects stop
- 63) Instantly Stops/Incapacitates Wasps/Hornets/Bees/Yellowjackets [listed insects]

END OF OPTIONAL MARKETING CLAIMS
