Mr. Steve Ditto  
McLaughlin Gormley King Company  
8810 Tenth Avenue North  
Minneapolis, MN 55427-4372

Subject: Label Notification per PRN 98-10 – new primary name  
Product Name: PYROCIDE® General Purpose Spray Insecticide 3069  
EPA Registration Number: 1021-2670  
Application Date: July 2, 2014  
Decision Number: D493359

Dear Mr Ditto:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped "Notification" and will be placed in our records.

If you have any questions, please contact Linda A. DeLuse at 703-305-5428.

Sincerely,

  
Richard J. Gebken  
Product Manager  
Insecticide Branch  
Registration Division (7504P)

# PYROCIDE® GENERAL PURPOSE SPRAY INSECTICIDE 3069

- PYROCIDE® General Purpose Spray 3069 is an Effective, Fast-Acting Insecticide that Kills the Accessible or Exposed Stages of: Ants, Bed Bugs, Cheese Mites, Clover Mites, Cockroaches, Crickets, Flying Moths, Fruit Flies, Gnats, Hornets, Houseflies, Mosquitoes, Scorpions, Silverfish, Spiders and Wasps
- PYROCIDE® General Purpose Spray 3069 Controls many common Stored Product Pests: Angoumois Grain Moths, Grain Mites, Rice Weevils, Carpet Beetles, Granary Weevils, Rust-Red Flour Beetles, Cheese Skippers, Indian Meal Moths, Saw-Toothed Grain Beetles, Cigarette Beetles, Meal Worms, Spider Beetles, Confused Flour Beetles, Mediterranean Flour, Tobacco Moths, Drugstore Beetles, Moths
- PYROCIDE® General Purpose Spray 3069 is Highly Useful for Insect Control in Residences, Institutions, Public Buildings, Hospitals, Hotels, Restaurants, Stores, Theaters, Food Processing Plants, Bakeries, Grain Mills, Dairies, Breweries, Bottling Plants, Warehouses, Trucks and Other Situations where an Insecticide with A High Degree of Effectiveness is Required
- When Used as Directed, Allowable Tolerance Levels in Food will not be Exceeded
- Contains Pyrethrins, a Botanical Insecticide
- Contains Pyrethrins Combined with [Piperonyl Butoxide] [Butacide®] to give Rapid [Flush-Out and] Knockdown with Extended Killing Power
- Pyrethrins Rapidly [Expels] [Flushes Out] and Knocks Down bugs [Roaches] [Insects] from Cracks and Crevices [their hiding places]
- Pyrethrins Insecticide [is] made from [Chrysanthemum] Flowers
- Specially Formulated [Designed] to [Provide Fast and Effective] Kill [of] Crawling and Flying [Pests] [Insects]

**ACTIVE INGREDIENTS:**

Pyrethrins ..... 0.15%  
 Piperonyl Butoxide ..... 1.50%

OTHER INGREDIENTS: ..... 98.35%  
 100.00%

Butacide is a registered trademark of Sumitomo Chemical Co., Ltd.

**NET CONTENTS:**

**PRECAUTIONARY STATEMENTS**

3/4

HAZARDS TO HUMANS & DOMESTIC ANIMALS

**CAUTION**

Harmful if swallowed. Avoid breathing spray mist. Avoid contact with eyes and skin. Wear protective clothing. Wash thoroughly with soap and water after handling and before eating or smoking. Remove contaminated clothing and wash clothing before reuse. Remove pets, birds and cover fish aquaria before spraying. Prevent re-entry of dogs and cats into treated area until spray deposits are dry.

Do not apply as a space spray while food processing is underway. Except in Federally inspected meat and poultry plants, when applied as a surface spray with care and in accordance with the directions and precautions given above, food processing operations may continue. Cover or remove foods before treatments. In food processing areas, all surfaces must be washed and rinsed with potable water after spraying.

When using in animal quarters, do not apply directly to food, water or food supplements. Wash teats of dairy animals before milking.

ENVIRONMENTAL HAZARDS

This product is highly toxic to fish. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Apply this product in calm weather when rain in not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment areas. Do not apply where runoff is likely to occur. Do not apply when weather conditions favor drift from areas treated. Shrimp and crabs may be killed at application rates recommended on this label. Do not apply where these are important resources.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For maximum insect control, a combination of localized surface application and space treatment is recommended.

When treating surfaces and fabrics, spray in an inconspicuous area to test for possible staining or discoloration.

Application is prohibited into sewer drains or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow this product to enter any drain during or after applications.

**CONTACT SPRAY:** To kill ants (including carpenter, fire, harvester & pharaoh ants), centipedes, cockroaches (including American, German & Oriental cockroaches), fleas, spiders (including brown recluse, black widow & hobo spiders), ticks, (including deer, brown dog and American dog ticks), chiggers, black flies, deer flies, horse flies, house flies, mosquitoes, gnats, biting midges, wasps and yellow jackets: Spray where insects congregate and individual pests when seen. Spray [1-2 pumps of trigger] [1-3 grams] contacting insects directly. Insects contacted by spray will be killed.

**SPACE SPRAY:** For rapid control of *Houseflies, Fruit Flies, Mosquitoes, Flying Moths and Gnats*. Close doors and windows and shut off ventilating systems. Use a good sprayer adjusted to deliver a fine mist, directing spray toward the upper portions of the enclosure and filling the room with mist. Use 1/2 to 1 oz. of spray for each 1000 cubic feet of space. Keep area closed for at least 10 minutes after spraying.

Vacate area after treatment and ventilate for 30 minutes before reoccupying. Do not allow pets to enter area before ventilated.

**VAPOR SPRAY:** PYROCIDE® General Purpose Spray 3069 is a potent spray that permits its use as a fog or vapor treatment in special electric, steam or compressed air equipment. Use in accordance with manufacturers' directions for the individual type of applicator selected. Dosages vary with different generators, but many such applicators are designed to give most effective results when the material is used at 1 pint to each 8,000-15,000 cu. ft. of space. In all cases, dosages should be sufficient to thoroughly fill the enclosure with fog or vapor. Insects controlled will be the same as given for "Space Spray" above.

**SURFACE SPRAY:** To control *Cockroaches, Silverfish, Crickets, Spiders, Clover Mites Scorpions, Cheese Mites, Cheese Skippers, Spider Beetles*, use PYROCIDE® General Purpose Spray 3069 in a good machine adjusted to deliver a coarse droplet spray using approximately 1 gal. of material to each 750 sq. ft. of surface. Spray infested areas thoroughly and direct the liquid behind baseboards, moldings, cabinets, shelves, sinks, door and window frames, pipes, toward drains and dark corners and into cracks, crevices, recesses and similar hiding places, contacting insects wherever possible.

**AGAINST Ant INFESTATION,** treat shelves, cabinets and storage areas; spray ant runs, trails, baseboards, thresholds and other places of entry and treat nests liberally.

**TO CONTROL Bed Bugs** effectively, apply liberally to top, ends, sides and bottom of mattresses, spraying thoroughly all tufts, seams and folds. Spray springs and frames, directing the liquid into all cracks and lock joints. Treat walls, baseboards, moldings, floors, closets, bedroom furniture and picture frames with particular attention to protected bed bug hiding and breeding places.

**TO CONTROL Carpet Beetles** effectively, apply to floor areas and baseboards. Spray directly into cracks, crevices and under carpets where insects may be found. Treat both the underside and top side of infested carpets. Spray inside of trucks, closets and infested areas of shelving.

STORED GRAIN OR FLOUR INSECTS: PYROCIDE® General Purpose Spray 3069 is also useful in mills, elevators, granaries, warehouses, food storages and other situations where an effective, fast-acting insecticide is required for control of the exposed stages of: **Granary Weevils, Rice Weevils, Cigarette Beetles, Drugstore Beetles, Carpet Beetles, Saw-Toothed Grain Beetles, Rust-Red Flour Beetles, Confused Flour Beetles, Angoumois Grain Moths, Indian Meal Moths, Tobacco Moths, Meal Worms and Grain Mites.** As a space or vapor spray, it provides rapid kill of flying and crawling stages. In cracks and crevices of floors, it is effective in the control of grain insects.

FOR TREATMENT OF FLOORS AND BINS: PYROCIDE® General Purpose Spray 3069 not only gives initial kill of the accessible stages of most stored grain and food product pests listed in the previous paragraph, but gives some continued protection in cracks and crevices where insects hide. Apply with a good machine, adjusted to deliver a coarse droplet spray using approximately 1 gal. of material to each 750 sq. ft. of surface.

IN MILLS, ELEVATORS AND GRANARIES, thoroughly spray floors, walls and other surfaces of bins, storage and handling areas with particular attention to cracks, crevices and similar protected locations. Waste grain, dust, dirt and debris should be removed and destroyed and storage areas cleaned before spraying. Treat unloading, handling and processing areas and apply the insecticide to conveying, processing and handling equipment, the inside of reel sifter, purifier conveyors, sifters, roll housings and hoppers, pick-up conveyors, etc. Spray thoroughly around the bases of heavy machinery and equipment.

FOR IN TRANSIT PROTECTION AND CONTROL, treat truck beds, box cars and ships' holds before loading. For extended protection and control in warehouses and food products storages, treat exposed surfaces as recommended above and spray heavily into cracks, crevices, recesses, hiding and breeding areas. Thoroughly treat walls, floors, shelves and other exposed areas, and lightly spray each layer of cartons or containers as stacked.

AS A CONTACT SPRAY: PYROCIDE® General Purpose Spray 3069 is also very effective when used as a contact spray against **Mosquitoes, Gnats, Wasps, Hornets, Skippers, Scorpions and Cheese Mites.** When these insects are present, contacting them with a fine mist will provide immediate kill. Spraying walls, ceilings, lights, moldings, screen doors and door frames, beams and light cords will make these location unfavorable as resting or hiding places for these insects.

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.  
**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.  
**Container Disposal:** Non-refillable container. **If empty:** Do not reuse or refill this container. Offer for recycling or reconditioning if available, or puncture and dispose of in a sanitary landfill, or by other approved state and local procedures. **If partly filled:** Call your local solid waste agency for disposal instructions.

**IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of MGK. All such risks shall be assumed by the user or buyer.

**DISCLAIMER OF WARRANTIES:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, MGK MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of MGK is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. To the extent consistent with applicable law, MGK disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

**LIMITATIONS OF LIABILITY:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT MGK'S ELECTION, THE REPLACEMENT OF PRODUCT.
