

## OFFICE OF CHEMICAL SAFETY AND POLLUTION PREVENTION

WASHINGTON, D.C. 20460

January 15, 2026

Thomas A. Lennan  
Senior Regulatory Affairs Specialist  
McLaughlin Gormley King Company D/B/A MGK  
7325 Aspen Lane N  
Minneapolis, MN 55428

Subject: Label Amendment - Registration Review Mitigation for Deltamethrin  
Product Name: Ultra Tec DP 205 Insecticide  
EPA Registration Number: 1021-2714  
Case Number: 666335  
Application Dates: 8/26/2025

Dear Thomas Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Deltamethrin Interim Decision, and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may

distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Samantha Thomas by phone at 202-566-2368, or via email at [thomas.samantha@epa.gov](mailto:thomas.samantha@epa.gov).

Sincerely,

A handwritten signature in blue ink that reads "Cathryn Britton". The signature is fluid and cursive, with the first name "Cathryn" and last name "Britton" clearly distinguishable.

Cathryn Britton  
Chief, Risk Management and Implementation

Manufactured by:

7325 Aspen Lane North  
Minneapolis, MN 55428

EPA Reg. No. 1021-2714

EPA Est. No. 1021-MN-2

NET WEIGHT:                      ounces

**ACCEPTED**

**01/15/2026**

Under the Federal Insecticide, Fungicide  
and Rodenticide Act as amended, for the  
pesticide registered under  
EPA Reg. No. 1021-2714

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product  
in a manner inconsistent with its labeling.

For both indoor and outdoor use

**USE RESTRICTIONS**

- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove pets, birds and cover fish aquariums before spraying.
- Do not apply as a space spray. Apply to surfaces only.
- Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.
- Do not water the treated area to the point of runoff.
- Do not make outdoor applications at residential sites during rain.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Do not apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Do not allow to enter indoor or outdoor drains. No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm<sup>2</sup> or 0.25 sq. in. unless size is greater than 10% of label size}

- All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Application to pervious surfaces such as soil, lawn, turf, and other vegetation;
2. Perimeter band treatments of 7 feet wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, mulch, or lawn);
3. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure;
4. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
5. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level;
6. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

- Spot treatments must not exceed two square feet in size. (for example 2 ft by 1. Ft. or 4 ft. by 0.5 ft).
- Do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.
- Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
- Do not allow the product to enter any drain during or after application.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.
- Do not apply or irrigate to the point of runoff.
- Do not make applications during rain. Avoid making applications when rainfall is expected before

the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.

- Do not apply when the wind speed is greater than 15 mph.
- Treat surfaces to ensure thorough coverage but avoid runoff. To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.
- Do not use on edible crops.

UltraTec® DP 205 Insecticide works in two ways:

- 1) it kills bugs [pests, insects] fast on contact; and
- 2) its residual action keeps on killing **German & American Cockroaches and Argentine Ants for up to 12 Months (1 Year)** on non-porous surfaces and **House Flies** for up to 12 weeks (3 months) after you spray.

One 6 fl. oz. container will treat 60 sq. ft.

{additional size containers and treated area can be used as long as the use rate remains 1 oz. per 10 sq. ft.}

SHAKE WELL BEFORE EACH USE. Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-18 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of runoff. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

UltraTec DP 205 Insecticide is intended for use in and around residential structures and their immediate surroundings. Permitted areas of use include: apartments, atriums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, cat sleeping quarters, clothes storage, condominiums, decks, dens, driveways, garages, gazebos, homes, kitchens, dog houses, lanais, living rooms, parlors, patios, pet sleeping areas, play rooms, porches, recreational vehicles, rooms, solariums, storage areas, sun rooms, utility rooms and verandas.

#### INDOORS:

**Cockroaches [American and German Cockroaches] (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), Ants [Argentine, Carpenter, Fire, Harvester and Pharaoh Ants], Asian lady bird beetle (Lady bugs), Spiders [Black Widow, Brown Recluse and Hobo Spiders], Boxelder Bugs, Centipedes, Crickets, Beetles, Firebrats, Fleas, Palmetto Bugs (Waterbugs), Silverfish, Sowbugs and Ticks:** Apply as a general surface, spot or crack and crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

[**Roaches:** Spray in cracks and crevices, around baseboards and other hiding places until wet. When driven out, spray bugs directly. Repeat treatment if re-infestation occurs, but not more than once per week.]

**Ants [(including Argentine, fire, harvester and pharaoh ants)]:** Spray around ant trails and around doors and windows and other places where ants enter the house.

**Carpenter Ants:** For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat [treatment] after 4 weeks or if re-infestation occurs.

**Ticks (including Ticks which may carry Lyme disease) and Fleas ON SURFACES:** Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. **Adult Fleas** contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] after 2-4 weeks or if re-infestation occurs.

**Spiders [Black Widow, Brown Recluse, Hobo Spiders]:** Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas where these pests are found. Spray spiders directly for best results.

**Bed Bugs:** Remove and wash linens. Take bed apart and spray into all joints. Treat baseboards, moldings and floors. Apply to the interior of the frame. Allow all articles to dry before remaking bed.

**Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks:** Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

**Asian Lady Bird Beetles (Lady bugs):** Spray areas where bugs crawl or are at rest, around doors, windows and areas where insects can enter the home.

[**Silverfish, Crickets, Spiders, Earwigs:** Apply to areas where these pests are found.]

**CONTACT SPRAY:** To kill **ants (including carpenter, fire, harvester & pharaoh ants), bed bugs, centipedes, cockroaches, fleas, spiders (including brown recluse, black widow & hobo spiders), ticks, chiggers, black flies, deer flies, horse flies, gnats, biting midges and wasps:** Spray where insects congregate and individual pests when seen. Spray 1-3 seconds contacting insects directly. Insects contacted by spray will be killed.

PANTRY PESTS: **Beetles, Moths, Weevils, [Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Sawtoothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths]**: Treat exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat [treatment] if re-infestation occurs but not more than once per week.

**Carpet Beetles [(Black, Furniture and Varied)] and Dermestid Beetles [(Hide, Larder, Leather)]**: Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] if re-infestation occurs, but not more than once per week.

**[Webbing] Clothes Moths**: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat [treatment] if re-infestation occurs, but not more than once per week.

#### OUTDOORS:

Point nozzle away from face. Hold can on a slight downward angle, approximately 12 - 18 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.

PESTS ON OUTSIDE SURFACES: To control infestations of outdoor pests such as **Ants, Cockroaches, Ticks and Spiders**, spray foundation of building where these insects [pests, bugs] are active and may find entrance up to a height of up to 2 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas includes: screens, window frames, eaves, porches, patios, picnic areas, garages and refuse dumps. Repeat treatment weekly if necessary.

CRAWLING INSECTS: **Ants [(including Argentine, Carpenter, Fire, Harvester & Pharaoh, Ants)], [American and German] Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders [(including Black Widow, Brown recluse and Hobo Spiders)], Asian Lady Bird beetle (Lady Bugs), Sowbugs, Earwigs, Boxelder Bugs and Beetles**. Spray insects [bugs, pests] directly.

**Ticks (including Lone Star Ticks, Deer Ticks** (which may carry Lyme disease), **Black Legged Ticks)**: Spray areas where these pests are found.

**Ants [(including Argentine, Carpenter, Fire, Harvester, & Pharaoh ants)]**: Spray around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris. Spray ants directly whenever possible. Repeat if ants return. This product should not be used to treat fire ant mounds.

[**Ants**: Spray ant trails and hills. If nest can be located, spray surface of nest until wet.]

**Asian Lady Bird Beetles (Lady bugs)**: Spray areas where bugs crawl or rest, especially around doors, on and around screens, windows, doorframes and areas where insects can enter the home. Remove screens prior to spraying them, allow to dry and then reinstall them. If spraying outside walls of homes, especially vinyl or aluminum siding, test a small area first for possible staining.

**Wasps, Hornets and Bees**: Spray individuals directly and vacate area. Do not treat whole nests with this product.

FLYING INSECTS: **House Flies, Gnats, Mosquitoes and Moths**: Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Retreat weekly or when insects return.

## STORAGE AND DISPOSAL

Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Do not contaminate water, food, or feed by storage and disposal.

**PESTICIDE STORAGE**: Store in a cool, dry area away from [inaccessible to] children and pets and away from heat, sparks and open flame. [Protect from freezing.] [Do not freeze.] [Do not transport or store below 32°F.]

**PESTICIDE DISPOSAL AND CONTAINER HANDLING**: Do Not Puncture or Incinerate! **If empty**: Place in trash or offer for recycling if available. **If partly filled**: Do not pour or dispose down-the-drain or sewer Call your local solid waste agency for disposal instructions. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.]

#### IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of MGK. All such risks shall be assumed by the user or buyer.

**DISCLAIMER OF WARRANTIES:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, MGK MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of MGK is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. To the extent consistent with applicable law, MGK disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

**LIMITATIONS OF LIABILITY:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT MGK'S ELECTION, THE REPLACEMENT OF PRODUCT.

[Or alternate text

Note [Notice]: Seller warrants that this product complies with the specifications expressed in this label. To the extent consistent with applicable law, seller makes no other warranties, and disclaims all other warranties, express or implied, including but not limited to warranties of merchantability and fitness for the intended purpose. To the extent consistent with applicable law, seller's liability or default, breach or failure under this label shall be limited to the amount of the purchase price. To the extent consistent with applicable law, seller shall have no liability for consequential damages.]

[Or alternate text

Notice: To the extent consistent with applicable law, buyer assumes all responsibility for safety and use not in accordance with directions.]

Additional Alternate Front Panel bullets:

- *Contains Deltamethrin and Pyrethrins*
- *Contains Pyrethrins, a Botanical Insecticide*
- *Contains Pyrethrins combined with Deltamethrin to give rapid [flush-out and] knockdown with extended killing power*
- *Pyrethrins rapidly [expels] [flushes out] and knocks down bugs [roaches] [insects] from cracks and crevices [their hiding places]*
- *Pyrethrins insecticide is made from [chrysanthemum] flowers*
- *Kills on Contact*
- *Kills Fast*
- *Water-Based Formula*
- *Water-Based – Shake Before Use*
- *Fast Knockdown Formula*
- *Kills Hidden Bugs*
- *Kills Bugs You See and Even the Ones You Don't See*
- *Broad Spectrum Insect Control*
- *Highly effective against labeled pests in and around homes, recreational vehicles, cabins, tents and other recreational structures*
- *Non-Staining*

EPA Reg. No. 1021-2714

EPA Est. No. 1021-MN-2

NET WEIGHT:            ounces

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION**

Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear:

- Long-sleeved shirt,
- Long pants, and
- Shoes and socks

USER SAFETY REQUIREMENTS

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

Discard clothing and other absorbent materials that have been drenched or heavily contaminated with this product's concentrate. Do not reuse them.

USER SAFETY RECOMMENDATIONS

- User should wash hands before, eating, drinking, chewing gum, using tobacco, or using the toilet.
- User should remove clothing/PPE immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- User should remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. To protect the environment, do not allow pesticide to enter or runoff into storm drains, drainage ditches, gutter or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product  
in a manner inconsistent with its labeling.

For both indoor and outdoor use

**USE RESTRICTIONS**

- Do not enter or allow others to enter until sprays have dried.
- Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application.
- Do not use in aircraft cabins.
- Do not apply to classrooms when in use.
- Do not apply in hospital patient rooms while occupied or in any rooms occupied by the elderly or infirm.
- Do not apply to institutions (including libraries or sport facilities) in the immediate area when occupants are present.
- Do not apply in the food/feed handling areas of food/feed processing establishments while the facility is in operation or food/feed is exposed. Do not apply directly to food/feed products. Cover or remove all food/feed processing and/or handling equipment prior to application.
- Remove pets, birds and cover fish aquariums before spraying.
- Do not apply as a space spray. Apply to surfaces only.
- Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.
- Do not water the treated area to the point of runoff.
- Do not make outdoor applications at residential sites during rain.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- Do not apply directly into sewers or drains or to any area like a gutter where drainage to storm sewers, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Do not allow to enter indoor or outdoor drains. No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm<sup>2</sup> or 0.25 sq. in. unless size is greater than 10% of label size}

- All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Application to pervious surfaces such as soil, lawn, turf, and other vegetation;
2. Perimeter band treatments of 7 feet wide or less from the base of a man-made structure to pervious surfaces (e.g., soil, mulch, or lawn);
3. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure;
4. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
5. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level;
6. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

- Do not use on edible crops.
- Spot treatments must not exceed two square feet in size. (for example 2 ft by 1. Ft. or 4 ft. by 0.5 ft).
- Do not apply by ground within 25 feet of lakes, reservoirs, rivers, permanent streams, marshes or natural ponds, estuaries and commercial fish farm ponds.
- Do not apply the product into fish pools, ponds, streams, or lakes. Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
- Do not allow the product to enter any drain during or after application.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.
- Do not apply or irrigate to the point of runoff.
- Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- Do not apply when the wind speed is greater than 15 mph.
- Treat surfaces to ensure thorough coverage but avoid runoff. To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

UltraTec® DP 205 Insecticide works in two ways:

1) it kills bugs [pests, insects] fast on contact;  
and

2) its residual action keeps on killing **German & American Cockroaches and Argentine Ants for up to 12 Months (1 Year) on non-porous surfaces and House Flies** for up to 12 weeks (3 months) after you spray.

One 6 fl. oz. container will treat 60 sq. ft.

{Additional size containers and treated area can be used as long as the use rate remains 1 oz. per 10 sq. ft.}

SHAKE WELL BEFORE EACH USE. Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-18 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of runoff. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

UltraTec DP 205 Insecticide is intended for use in and around structures and their immediate surroundings. Permitted areas of use include: apartment buildings, apartments, atriums, attics, automobiles, basements, bathrooms, boats, cabins, campers, campsites, cafeterias, carports, cat sleeping quarters, clothes storage, condominiums, crematoriums, day care centers, decks, dens, dog houses, driveways, drive-ins, drug stores, dumpsters, factories, food/feed areas of food processing plants, food service establishments, food manufacturing and warehousing establishments, garages, gazebos, homes, hotels, hospitals, indoor and outdoor eating establishments, industrial plants, jails, kitchens, kennels, lanais, living rooms, motels, mausoleums, mess halls, morgues, nursing homes, office buildings, other public buildings, parlors, patios, pet sleeping areas, pet grooming parlors, pet stores, play rooms, porches, prisons, railroad cars, recreational areas, residences, restaurants, schools, ships, solariums, sports stadiums, solariums, storage areas, sun rooms, supermarkets, taverns, recreational vehicles, theaters, rooms, trailers, trains, transportation vehicles, trucks, truck trailers, utility rooms, verandas, warehouses, washrooms and zoos.

#### **Food/Feed Handling Establishments:**

For control of all labeled pests, applications are permitted in the food/feed areas of food/feed handling and processing establishments as a general surface, spot or crack and crevice treatment.

Food/feed handling establishments are defined as places other than private residences in which exposed food/feed is held, processed, prepared or served. Included also are areas for receiving, storing, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups) of food/feed. Serving areas where food/feed is exposed and the facility is in operation are also considered food/feed areas.

Non-food/non-feed areas include garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, mop closets and storage (after packaging, canning or bottling). All areas that insects inhabit or through which insects may enter should be treated.

#### INDOORS:

**Cockroaches [American and German Cockroaches] (including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains), Ants [Argentine, Carpenter, Fire, Harvester and Pharaoh Ants]), Asian lady bird beetle (Lady bugs), Spiders [Black Widow, Brown Recluse and Hobo Spiders]), Boxelder Bugs, Centipedes, Crickets, Beetles, Firebrats, Fleas, Palmetto Bugs (Waterbugs), Silverfish, Sowbugs and Ticks:** Apply as a general surface, spot or crack and crevice treatment to all areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly.

**[Roaches:** Spray in cracks and crevices, around baseboards and other hiding places until wet. When driven out, spray bugs directly. Repeat treatment if re-infestation occurs, but not more than once per week.]

**Ants [(including Argentine, fire, harvester and pharaoh ants)]:** Spray around ant trails and around doors and windows and other places where ants enter the house.

**Carpenter Ants:** For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat [treatment] after 4 weeks or if re-infestation occurs.

**Ticks (including Ticks which may carry Lyme disease) and Fleas ON SURFACES:** Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. **Adult Fleas** contacted by spray will be killed. Put fresh bedding down once spray has dried. Do not spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] after 2-4 weeks or if re-infestation occurs.

**Spiders [Black Widow, Brown Recluse, Hobo Spiders]:** Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces and other areas where these pests are found. Spray spiders directly for best results.

**Bed Bugs:** Remove and wash linens. Take bed apart and spray into all joints. Treat baseboards, moldings and floors. Apply to the interior of the frame. Allow all articles to dry before remaking bed.

**Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks:** Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

**Asian Lady Bird Beetles (Lady bugs):** Spray areas where bugs crawl or are at rest, around doors, windows and areas where insects can enter the home.

**[Silverfish, Crickets, Spiders, Earwigs:** Apply to areas where these pests are found.]

**CONTACT SPRAY:** To kill **ants (including carpenter, fire, harvester & pharaoh ants), bed bugs, centipedes, cockroaches, fleas, spiders (including brown recluse, black widow & hobo spiders), ticks, chiggers, black flies, deer flies, horse flies, gnats, biting midges and wasps:** Spray where insects congregate and individual pests when seen. Spray 1-3 seconds contacting insects directly. Insects contacted by spray will be killed.

**PANTRY PESTS: Beetles, Moths, Weevils, [Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Sawtoothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths]:** Treat exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat [treatment] if re-infestation occurs, but not more than once per week.

**Carpet Beetles [(Black, Furniture and Varied)] and Dermestid Beetles [(Hide, Larder, Leather)]:** Spray on and under edges of floor coverings, under rugs and furniture and in closets or other localities where these insects are found. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] if re-infestation occurs, but not more than once per week.

**[Webbing] Clothes Moths:** Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat [treatment] if re-infestation occurs, but not more than once per week.

#### OUTDOORS:

Point nozzle away from face. Hold can on a slight downward angle, approximately 12-18 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing.

**PESTS ON OUTSIDE SURFACES:** To control infestations of outdoor pests such as **Ants, Cockroaches, Ticks and Spiders**, spray foundation of building where these insects [pests, bugs] are active and may find entrance up to a height of up to 2 feet.. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas include: screens, window frames, eaves, porches, patios, picnic areas, garages and refuse dumps. Repeat treatment weekly if necessary.

**CRAWLING INSECTS:** **Ants [(including Argentine, Carpenter, Fire, Harvester & Pharaoh, Ants)], [American and German] Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders [(including Black Widow, Brown recluse and Hobo Spiders)], Asian Lady Bird beetle (Lady Bugs), Sowbugs, Earwigs, Boxelder Bugs and Beetles.** Spray insects [bugs, pests] directly.

**Ticks (including Lone Star Ticks, Deer Ticks** (which may carry Lyme disease), **Black Legged Ticks):** Spray areas where these pests are found.

**Ants [(including Argentine, Carpenter, Fire, Harvester, & Pharaoh ants)]:** Spray around ant trails and hills. Spray around nests hidden under steps, brickwork, concrete, etc. Break apart accessible nests and spray on and around debris. Spray ants directly whenever possible. Repeat if ants return. This product should not be used to treat fire ant mounds.

[**Ants:** Spray ant trails and hills. If nest can be located, spray surface of nest until wet.]

[**Asian Lady Bird Beetles (Lady bugs):** Spray areas where bugs crawl or rest, especially around doors, on and around screens, windows, doorframes and areas where insects can enter the home. Remove screens prior to spraying them, allow to dry and then reinstall them.] If spraying outside walls of homes, especially vinyl or aluminum siding, test a small area first for possible staining.

**Wasps, Hornets and Bees:** Spray individuals directly and vacate area. Do not treat whole nests with this product.

**FLYING INSECTS: House Flies, Gnats, Mosquitoes and Moths:** Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens and other areas where these pests may enter the home. Also spray localized resting areas, such as under eaves, porches, surfaces around light fixtures and cords, railings, etc. where these insects may rest. Insects coming to rest on treated surfaces will be killed. Retreat weekly or when insects return.

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

**PESTICIDE STORAGE:** Store in a cool, dry area away from [inaccessible to] children and pets and away from heat, sparks and open flame. [Protect from freezing.] [Do not freeze.] [Do not transport or store below 32°F.]

**PESTICIDE DISPOSAL AND CONTAINER HANDLING:** Do Not Puncture or Incinerate! **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Do not pour or dispose down-the-drain or sewer. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.]

## IMPORTANT: READ BEFORE USE

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following conditions, disclaimer of warranties and limitations of liability.

**CONDITIONS:** The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of MGK. All such risks shall be assumed by the user or buyer.

**DISCLAIMER OF WARRANTIES:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, MGK MAKES NO OTHER WARRANTIES, EXPRESS OR IMPLIED, OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE OR OTHERWISE, THAT EXTEND BEYOND THE STATEMENTS MADE ON THIS LABEL. No agent of MGK is authorized to make any warranties beyond those contained herein or to modify the warranties contained herein. To the extent consistent with applicable law, MGK disclaims any liability whatsoever for special, incidental or consequential damages resulting from the use or handling of this product.

**LIMITATIONS OF LIABILITY:** TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, THE EXCLUSIVE REMEDY OF THE USER OR BUYER FOR ANY AND ALL LOSSES, INJURIES OR DAMAGES RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, WHETHER IN CONTRACT, WARRANTY, TORT, NEGLIGENCE, STRICT LIABILITY OR OTHERWISE, SHALL NOT EXCEED THE PURCHASE PRICE PAID, OR AT MGK'S ELECTION, THE REPLACEMENT OF PRODUCT.

Additional Alternate Front Panel bullets:

- *Contains Deltamethrin and Pyrethrins*
- *Contains Pyrethrins, a Botanical Insecticide*
- *Contains Pyrethrins combined with Deltamethrin to give rapid [flush-out and] knockdown with extended killing power*
- *Pyrethrins rapidly [expels] [flushes out] and knocks down bugs [roaches] [insects] from cracks and crevices [their hiding places]*
- *Pyrethrins insecticide is made from [chrysanthemum] flowers*
- *Kills on Contact*
- *Kills Fast*
- *Water-Based Formula*
- *Water-Based – Shake Before Use*
- *Fast Knockdown Formula*
- *Kills Hidden Bugs*
- *Kills Bugs You See and Even the Ones You Don't See*
- *Broad Spectrum Insect Control*
- *Highly effective against labeled pests in and around homes, recreational vehicles, cabins, tents and other recreational structures*
- *Non-Staining*
- *No Greasy Residue*
- *No Oily Residue - No Unpleasant Odor*
- *Won't Stain Carpets and Floors*
- *Kills by Contact*
