**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

**Signature of Approving Official:**

Kable Davis, Acting Product Manager 04  
 Invertebrate & Vertebrate Branch 1, Registration Division  
 (7505P)

**Date:**

2/9/17

2. You are required to comply with the data requirements described in the DCI identified below:
  - a. Permethrin GDCI-109701-1252

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
  - Revise the EPA Registration Number to read, “EPA Reg. No. 1021-2806.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 07/12/2016
- Alternate CSF A dated 07/12/2016
- Alternate CSF B dated 07/12/2016

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

{Instructional insert for spring hoops}

[Hold both sides of ring tightly and unwind slowly. ATTENTION! Ring may snap open suddenly. When unwinding the ring keep away; (a) from children (b) from face (eyes!) Unfold net and turn inside out to attach hoop to net. To set, tie all (six) strings securely to the ring. Turn the net outward over the ring to expose the loop.]

[Assemble the 5 wire pieces, securing the ends together to form a circle.] [Loosen the drawstring at the top of the net.] [Insert the wire circle into the opening at top of net.] [and tighten the drawstring.]

Hang netting up [above] [the bed] [or] [area to be protected] by suspending [each corner] [from the supports provided] [from the ceiling] [using either the hook[s], [thumbtack] or [string] [provided]. If using over a bed, tuck the lower edge of the netting under the mattress to ensure a tight fit to prevent mosquitoes and other flying insects from entering, otherwise ensure that the base of the netting is in complete contact with the ground.

If netting becomes dirty, wash separately from other items, in warm water and allow to dry in shady area. Avoid sunlight when drying. Do not dry clean. Dry cleaning removes the active ingredient [permethrin].

Do not use for purposes other than originally intended. Do not retreat netting with other permethrin insect repellent products.

[Directions for bulk rolls of netting – [Cut netting to desired size. Use as needed to protect against listed flying insects.]]

**STORAGE AND DISPOSAL.** When not in use, store net [in outer packaging] in a cool, dry place away from children and direct sunlight. Discard of outer packaging and net in trash when net is worn out.
