Subject: Registration Review Mitigation for Spinosad and Pyriproxyfen
Product Name: MGK Formula 3131
EPA Registration Number: 1021-2817
Application Date: July 22, 2022 & January 22, 2020
Case Number: 475015 & 474391

Dear Thomas A. Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Spinosad and Pyriproxyfen Interim Decision's (ID). We have concluded that the above-mentioned product label does not require any additional mitigations outlined in the Spinosad and Pyriproxyfen ID's. Therefore, a new stamped approved label will not be provided, and no additional action will be required by the Agency. Refer to the Pesticide Product Label System for the last stamped approved label for this product.

If you have any questions about this letter, please contact Caleb Carr by phone at 202-566-0636, or via email at carr.caleb@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Maryam K. Muhammad-Perch", is positioned below the "Sincerely," text.
