

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs

Registration Division (7505T)

1200 Pennsylvania Ave., N.W.

Washington, D.C. 20460

NOTICE OF PESTICIDE:

☒ Registration

☐ Reregistration

(under FIFRA, as amended)

EPA Reg. Number:

1021-2871

Date of Issuance:

1/8/25

Term of Issuance:

Unconditional

Name of Pesticide Product:

MGK Formula 31731

Name and Address of Registrant (include ZIP Code):

Tom Lennan
Senior Regulatory Affairs Specialist
MGK
7325 Aspen Lane North
Minneapolis, MN 55428

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA).

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.

Date:

1/8/25

2. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, "EPA Reg. No. 1021-2871."
3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. You have 18 months from the date of registration to provide these data.
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The record for this product currently contains the following CSF(s):

- Basic CSF dated 4/21/2021
- Alternate CSF A dated 4/27/2021

If you have any questions, please contact Scott Campbell via email at campbell.scott@epa.gov.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Causes moderate eye irritation. Avoid contact with eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to aquatic invertebrates. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high-water mark. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas.

This product is highly toxic to bees and other pollinating insects exposed to direct treatment or residues on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees or other pollinating insects are actively visiting the treatment area

PHYSICAL OR CHEMICAL HAZARDS

Do not apply this product around electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Read and follow ALL label directions when using [applying, treating with] this product.

APPLY THIS PRODUCT ONLY AS SPECIFIED ON THIS LABEL.

ACCEPTED

01/08/2025

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under

EPA Reg. No. 1021-2871

READ ALL DIRECTIONS COMPLETELY BEFORE USE AND FOLLOW ALL DIRECTIONS AND PRECAUTIONS WHEN USING PRODUCT.

Apply directly to boxelder bugs, marmorated stink bugs, ants (excluding carpenter, harvester, pharaoh, red imported fire), house flies on exterior vertical surfaces of the listed man-made structures only.

Apply only to the use areas specified and by the application methods listed on this label.

USE RESTRICTIONS

- For outdoor use only.
- Do not use indoors.
- Do not make applications during rain.
- Do not apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Do not apply to horizontal surfaces.
- Do not use as a perimeter treatment.

APPLICATION RESTRICTIONS:

- Apply only to outdoor exterior vertical surfaces of listed man-made structures.
- Outdoor applications are limited to direct application to pests in spot, crack and crevice sites.
- Spot must not exceed two square feet in size (for example 2 ft by 1 ft. or 4 ft. by 0.5 ft).
- Crack and crevice must not exceed 1 ft. by 100 linear ft.

PESTS KILLED

Ants (excluding harvester, pharaoh, carpenter and red imported fire), boxelder bugs, brown marmorated stink bugs, house flies.

USE AREAS

For use outdoors on the exterior vertical surfaces of the following listed man-made structures only: commercial warehouses (non-food), commercial buildings, office buildings, theaters, hotels, motels, homes, garage buildings, resort buildings, industrial buildings, apartment buildings, dumpsters/trash cans, commercial kennel buildings, commercial horse stable buildings, zoo buildings, commercial transportation equipment (non-food), commercial truck trailers (non-food), railroad cars (non-food).

[This product should not stain or cause damage to painted surfaces or plastic siding, or other vertical surfaces where water applied alone causes no damage. Treat a small area and allow it to dry to determine whether staining will occur.]

APPLICATION METHODS

Direct spray treatment to pest in spot, crack and crevice sites.

APPLICATION CONTAINER

Prefilled pump spray bottle.
Prefilled Handheld trigger spray
Bag on Valve (BOV) Spray Can

SHAKE WELL BEFORE USING

Application Site	Pest	Application Rate
Exterior vertical surfaces of listed man-made structures only	Boxelder bugs and brown marmorated stink bugs	Directly spray pests for up to 2 seconds[with two pumps from trigger sprayer] from approximately 10 inches (25 cm)
	Ants (excluding carpenter, harvest, pharaoh and red imported fire)	Directly spray pests for up to 2 seconds[with two pumps from trigger sprayer] from approximately 10 inches (25 cm)
	House flies	Directly spray pests for up to 2 seconds[with two pumps from trigger sprayer] from approximately 10 inches (25 cm)
Use Restrictions	<ul style="list-style-type: none">• Do not apply to the point of runoff.• Do not apply directly to water or within 25 feet of surface water bodies. Do not allow pesticide to enter or run off into storm drains, drainage ditches, or gutters.• Do not use indoors• Do not retreat sooner than 14 days after last application.• Do not exceed 12 applications per calendar year.• Also see USE Restrictions Section above table.	

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

PESTICIDE STORAGE: Store in a cool, dry area away from inaccessible to children and pets and away from heat, sparks and open flame. Protect from freezing. Store above 32°F. Do not transport or store below 32°F. (0°C) If freezing occurs, allow product to thaw and shake well before using [use]. Some product separation may occur on freezing which is reversible on shaking. Freezing does not adversely affect this product [performance].

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Nonrefillable HDPE container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

Note to reviewer: Below is I for Bag-on-Valve Containers.

[PESTICIDE DISPOSAL AND CONTAINER HANDLING] Do Not Puncture or Incinerate! Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.]

Optional Marketing claims

- Kills ants (excluding carpenter, pharaoh, harvester and red imported fire ants)
- Kills boxelder bugs
- Kills house flies
- Kills brown marmorated stink bugs
