

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
& DOMESTIC ANIMALS
WARNING**

**WOOD PRESERVATIVE
PROVIDES PROTECTION FROM ROTTING & TERMITE DAMAGE**

May be fatal if swallowed, inhaled, or absorbed through the skin. Causes substantial but temporary eye injury. Do not get in eyes or on clothing. Wear face shield and rubber gloves during application. Wear rubber gloves when handling freshly treated lumber. Avoid breathing sprays or vapors. Do not use on wood that may come in contact with food, feed or livestock. Do not use indoors or in any confined area where spray mist and vapors may concentrate. Wash thoroughly with soap and water after handling. Remove contaminated clothing before reuse. Avoid contamination of feed and foodstuffs.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and wildlife. Do not apply directly to lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame. Treated wood and wood waste should not come in contact with domestic animals or useful living plants.

STORAGE AND DISPOSAL

PROHIBITIONS: Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or residue is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

INGREDIENT STATEMENT

BEST AVAILABLE GROUND

ACTIVE INGREDIENTS:

Pentachlorophenol	4.47%*
Other chlorinated phenols	0.52%*
Petroleum hydrocarbons	94.80%
INERT INGREDIENTS	0.21%*
TOTAL	100.00%

*Equivalent to 5.2% technical Pentachlorophenol
Penta Preservative Ready-To-Use weighs 8.30 lbs. per gallon.

KEEP OUT OF REACH OF CHILDREN

WARNING

STATEMENT OF PRACTICAL TREATMENT

IF IN EYES: Flush with plenty of water. Get medical attention.

IF SWALLOWED: Drink promptly a large quantity of milk, egg whites, gelatin solution, or, if these are not available, drink large quantities of water. Avoid Alcohol. **GET MEDICAL ATTENTION.**

IF ON SKIN: Wash with soap and plenty of water. Wash contaminated clothing before reuse.

IF INHALED: Remove to fresh air.

SEE SIDE PANEL FOR ADDITIONAL PRECAUTIONARY STATEMENTS.

DIRECTIONS FOR USE

Do not use this product in a manner inconsistent with the labeling.

WOOD PRESERVATION

Penta Preservative can be applied to lumber, poles, posts, and other wood products by either cold bath process, by soaking, spraying, or brushing or above ground use brushing or spraying method, at least two flowing coats should be applied. All construction members must be treated prior to installation. Do not apply to interior surfaces of occupied structures. If already termite infested, wood replacement is necessary prior to establishing control over infestation.

For below ground uses, long term termite and rot control requires a minimum of 30 pounds per cubic foot. This can be achieved by pressure treatment or by 12-48 hours soaking.

Fence posts and heavy lumber should be debarked and air-dried until dry and then soaked 24 to 48 hours. Lumber for steps, sills, etc., should be soaked for at least 12 hours. Wood treated with the ready-to-use solution is not paintable. If it is desired to paint treated wood, Penta WR should be used.

NOTICE

Neither the manufacturer nor the seller makes any representation or warranty, express or implied, concerning this product except that it is of standard quality. Neither shall be held responsible in any manner for any personal injury, property damage or other type of loss resulting from the improper handling, storage, or mis-use of this product. Buyer accepts and uses this product on these conditions.
