

# NARSITE 40

## WEED KILLER CONTAINS ARSENIC

Net Contents

Gallons

### ACTIVE INGREDIENT:

Sodium Methyl-Arsenite ..... 40%

INERT INGREDIENT: ..... 60%

Total ..... 100%

Total Arsenic (expressed as metallic)

All in water soluble form ..... 23.06%

## DIRECTIONS

**DO NOT ALLOW DOMESTIC ANIMALS TO GRAZE TREATED AREAS.**

Apply only to bare ground, small enclosed areas such as tank farms and substations and areas to be covered with pavement after treatment. Do not apply at a rate in excess of 13 gallons of Narsite 40 (50 pounds of Arsenic Trioxide equivalent) per acre, except where area will be covered by pavement. Mix thoroughly one part Narsite 40 with nineteen parts water and apply on vegetation using an ordinary sprinkling can. If a pressure sprayer is available, a more concentrated solution can be used to advantage. Be sure to cover thoroughly the tops of the vegetation and the surface of the ground. DO NOT apply during or immediately following rain as the most effectual results are obtained when the vegetation is free from other moisture. One gallon of Narsite 40 diluted above, will cover 500 to 1000 square feet.

### Non-Warranty

Neither the manufacturer nor the seller makes any representation or warranty, express or implied, concerning this material, except that it is of standard quality. Neither shall be held responsible in any manner for any personal injury, property damage or other type of loss resulting from the handling, storage or use of this material. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.

## DANGER

**DO NOT USE OR STORE IN OR AROUND THE HOME  
KEEP OUT OF THE REACH OF CHILDREN!**

 **POISON** 

**POISONOUS IF SWALLOWED CALL A PHYSICIAN IMMEDIATELY  
ANTIDOTE**

Give a tablespoonful of salt in a glass of warm water and repeat until vomit fluid is clear. Then give 2 tablespoonsful of Epsom Salt or Milk of Magnesia in water and plenty of milk and water. Have victim lie down and keep quiet. Avoid contact with skin, eyes, or clothing. Wash thoroughly after using. Avoid breathing dust or spray mist. Avoid use where domestic animals or pets may ingest poisoned vegetation as they may be attracted by the salty taste.

Do not apply near valuable plants. Do not use where runoff water will be absorbed in wells or animal drinking ponds. Do not use under any circumstances where safety of humans, animals, or desired vegetation may be in doubt, as less poisonous chemicals are available for these purposes. Avoid spray drift to desirable plants. Do not contaminate water used for irrigation or domestic purposes. Do not apply to areas underlaid by roots of desirable trees or shrubs.

Use only at recommended dilution.

This product is toxic to wildlife. Birds and other wildlife in treated areas may be killed. Do not apply where runoff is likely to occur. Do not contaminate water by cleaning of equipment, or disposal of wastes. Rinse empty container thoroughly with water and discard it.
