

# BHC-1

## EMULSIFIABLE CONCENTRATE

Contains One Pound Gamma Isomer Per Gallon

ACCEPTED  
APR 28, 66  
UNDER THE FEDERAL INSECTICIDE  
FUNGICIDE AND RODENTICIDE ACT  
FOR ECONOMIC POISON REGISTER-  
ED UNDER NO. 1022-144 SUBJECT  
TO ATTACHED COMMENTS.

1022-144

**CONTROLS AMBROSIA BEETLES IN LOGS AND LUMBER — PROTECTS LOGS AND POLES FROM BARK BEETLES AND WOOD BORERS**

### DIRECTIONS

BHC Concentrate may be diluted with oil or water and specific information will be found under each use.

#### Ambrosia beetles and wood borers in logs

Add one gallon of BHC Concentrate to 28 gallons of diesel fuel or No. 2 fuel oil and agitate thoroughly. Make sure that the mixture is free of any solids that might clog the spray nozzles.

Logs should be sprayed as soon as possible after cutting and bucking. Delay longer than 24 hours results in lowered control. Spray thoroughly all parts of the log wetting bark and ends. Unsprayed parts of the logs are points of entrance for insects. One gallon of spray per 100 square feet of log surface is usually required.

### INGREDIENTS

ACTIVE:	
Benzene hexachloride, gamma isomer .....	11.83%
Benzene hexachloride, other isomers .....	14.47%
Aromatic petroleum derivative solvent .....	68.70%
INERT: .....	5.00%

#### Bark beetles in logs

Add one gallon of BHC Concentrate to 56 gallons of No. 2 fuel oil or diesel oil and agitate thoroughly. Spray this on the bark of logs to be protected as soon as possible after cutting, covering the bark thoroughly. Use one gallon per 100 square feet of log surface. When applying to stacked logs, deck them as high as it is possible to reach them conveniently in long continuous rows. Direct the spray into spaces between logs from each end and over the top and sides of the deck.

#### Ambrosia beetles in lumber

Use one gallon of BHC Concentrate for each 160 gallons of anti-stain solution in the dip tank. Agitate thoroughly to form a good stable emulsion. Some means of agitation in the dip tank is desirable to keep the active chemical in suspension.

### WARNING

#### KEEP OUT OF REACH OF CHILDREN.

Do not get in eyes or on skin. Do not breathe spray. May be fatal if swallowed. May be absorbed through skin. If spilled on skin, wash off at once with warm water and soap. Avoid contamination of foodstuffs. Do not use on household pets or human beings. Flammable - - - Keep away from fire.

#### NON-WARRANTY

Because this product is used under conditions beyond our control, it is impossible for seller to make warranty of any kind concerning it.
