

10 LB. Net

# CAPTAN 25

**SEED PROTECTANT**  
**15% NON-OIL LUBRICANT ADDED**  
(Soybeans and Peanuts)

### DIRECTIONS FOR USE

Captan 25 Seed Protectant is especially formulated for treatment of soybean and peanut seed for the control of seed and soil-borne diseases, including damping-off and seed decay organisms, and seedling blights, and is prepared for use directly in the planter box, thereby eliminating additional seed handling to have seed treated.

This material provides adequate coverage of seed and any excess flows with the seed into the furrow, giving additional protection against soil-borne diseases. May be used on previously treated seed.

Do not use treated seed for food, feed or oil purposes.

### RECOMMENDATIONS

**SOYBEANS:** Use Captan 25 Seed Protectant at the rate of 4 oz. per bu., or 7 oz. per 100 lb. of seed as a planter box treatment.  
USDA Reg. No.

**ONE OUNCE MEASURING SCOOP ENCLOSED**

<b>ACTIVE INGREDIENT:</b>	
Captan N-[(trichloromethyl)thio]-1,4-dioxane-2,6-dicarboximide	25%
<b>INERT INGREDIENTS:</b>	75%
	<hr/> 100%

**CAUTION**  
Keep Out of Reach of Children  
HARMFUL IF SWALLOWED

Avoid inhaling dust. Wear respirator. Avoid prolonged or repeated contact with skin. Wash with soap and water after handling. Avoid contamination of feed and food.
