WEED-FREE[®] 55-R

(MSMA & SURFACTANT)

FOR GENERAL POST EMERGENCE WEED CONTROL ON RAILROADS AND OTHER RIGHTS-OF-WAY.

1022-432

READ THIS LABEL BEFORE USING PRODUCT

INGREDIENT STATEMENT

Active ingredient:	
Monosodium Acid Methanearsonate	44.3%
Inert ingredients:.....	55.7%
Total.....	100.0%
Total Arsenic, all in water soluble form, expressed as elemental.....	20.48%

CONTAINS 5.51 LBS. MSMA PER GALLON OR 1.38 LBS. MSMA PER QUART.

WEED-FREE 55-R acts through the root-system for effective and economical control. Browning occurs within a few days and one or two subsequent applications to slight regrowth about 4 weeks apart will result in complete control of unwanted vegetation.

WEED-FREE 55-R is compatible with 2,4-D, sodium chlorate, Diuron, Herban, Atrazine, and Paraquat to give a wide spectrum of weed control or for custom control of a given weed population. It contains a surface-active agent and no wetting agents are required.

DIRECTIONS

GENERAL WEED AND GRASS CONTROL

Use WEED-FREE 55-R for post emergence control of certain annual and perennial grasses, weeds and vines such as watergrass, goosegrass, nutgrass cocklebur, and Johnsongrass. Add 1 3/4 to 2 1/2 quarts of product to 40 gallons of water.

The unwanted vegetation should be thoroughly covered with spray to the point of runoff. Spot retreatments may be necessary and should be made where regrowth occurs. Any spray equipment which will give good spray coverage may be used, with power sprayers being particularly effective for such areas as rights-of-way, drainage ditch banks, fence rows, implement storage yards and similar non-crop areas where control of the grasses and weeds mentioned above is desired. Apply when grasses and weeds are growing and preferably before they are 3 inches high. Best results are obtained when the air temperature is 70°F.

WARNING

KEEP OUT OF THE REACH OF CHILDREN! Harmful if swallowed. Avoid contact with skin. Avoid breathing spray mist. Wash hands after using. Avoid storage near feed and food products. Keep away from children and domestic animals. Keep children and animals off treated areas. DO NOT GRAZE TREATED AREAS.

ANTIDOTE: If taken internally, induce vomiting and CALL A PHYSICIAN AT ONCE.

Do not contaminate water used by wildlife and aquatic life or for domestic and irrigation purposes.

Clean application equipment thoroughly after every use. Do not use this product for any purpose or in any manner not given on this label

CAUTION

Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.

Do not reuse empty drum. Return to drum conditioner or destroy by perforating or crushing and burying in a safe place away from water supplies.

NOTICE

Neither the manufacturer nor the seller makes any representation or warranty, expressed or implied concerning this product, except that it is of the manufacturer's standard quality. Neither shall be held responsible in any manner for any personal injury, property damage or other type of loss resulting from the improper handling, storage and use of this product. The buyer accepts and uses this product on these conditions.
