CHAPMAN

CHAPCO SSC CONCENTRATE

Net Contents _____ gallons

LIQUID FUNGICIDE CONCENTRATE FOR CONTROL OF SAP STAIN AND MOLD
IN FRESH CUT LUMBER AND TIMBER

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS & DOMESTIC ANIMALS DANGER

Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling.

Harmful if swallowed. Do not breathe spray mist. Causes eye damage and skin irritation.

ENVIRONMENTAL HAZARDS

Product is toxic to fish. Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

STORAGE AND DISPOSAL

PROHIBITION: Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent) Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

INGREDIENTS

Federal Insect
and Rodenticide Act

under

No. 1022 466

ACTIVE INGREDIENTS

Sodium Tetrachlorophenate 17.96%

Sodium salts of other chlorinated phenols 4.86%

Sodium metaborate, anhydrous 4.28%

INERT INGREDIENTS

72.90%

Total 100.00%

KEEP OUT OF REACH OF CHILDREN DANGER

STATEMENT OF PRACTICAL TREATMENT

If swallowed — drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available, drink several glasses of water. Avoid alcohol.

If in eyes, flush immediately with plenty of water and get medical attention.

If on skin, wash with soap and plenty of water. Wash contaminated clothing before reuse.

SEE SIDE PANEL FOR ADDITIONAL
PRECAUTIONARY STATEMENTS

CHAPCO SSC is a concentrated liquid product readily miscible with water. It may be mixed with water by ordinary means or through the CHAPMAN SURE-MIX proportioning device.

When mixing a batch of CHAPCO SSC solution by ordinary means it is best to add part of the water to the mixing tank, then add the measured amount of CHAPCO SSC and follow with the balance of the water, rinsing out the measuring container into the mixing tank at the same time.

Delayed treatment may allow interior stain to develop, so lumber should be treated within 24 hours of cutting by a dip or spray application of CHAPCO SSC. Freshly-treated lumber should be protected from rain. Dipping tanks should also be protected from over-dilution by rainfall and sawdust should be raked out daily.

Approved stacking practices should be employed with adequate space between boards and stacks. Green lumber or infected wood should not be used for stickers. The bottoms of the stacks should be well above the ground with weeds and debris kept away from stacks.

TREATMENT. For lumber 2 inches or less in thickness, combine one gallon of CHAPCO SSC with 60 gallons of water. For thicker lumber or timbers or bundled lath or shook or under unusually severe or lengthy periods or conditions favorable to sapstain and mold development, combine one gallon of CHAPCO SSC with 30 to 50 gallons of water. A dip of 15 seconds or more is sufficient.

NOTICE

Neither Chapman Chemical Company nor the seller makes any representation or warranty, express or implied, concerning this material, other than indicated on the label. Neither shall be held responsible in any manner for any personal injury or property damage or other type of loss resulting from the improper handling, storage or use of this material. The buyer accepts and uses this material on these conditions.
