

CHAPMAN

POL-KAP GREASE

For the treatment of vulnerable wood pole tops . . .

. . . Deep penetration kills existing decay . . .

Permanently seals and protects against future damage.

INGREDIENTS

ACTIVE INGREDIENTS:	
Pentachlorophenol	9.05%*
Other Chlorinated Phenols	1.05%*
INERT INGREDIENTS: 89.90%	

*Equivalent to 10.5% pentachlorophenol, technical as defined by Federal Spec. TT-W-570a.

DIRECTIONS FOR USE

POL-KAP GREASE is especially designed for use on the tips of new poles, retired poles being returned to service and standing poles already in service. Application can be made by using a paddle or trowel.

A 1/2 inch layer of POL-KAP GREASE should be applied to the tops of each pole, to the sides of the pole extending downward 1 inch from the top.

For best results application should be covered by polyethylene coated paper which is stapled down to the sides of the poles, aiding the penetration of the preservative into the pole top.

WARNING

KEEP OUT OF THE REACH OF CHILDREN*

Harmful if swallowed or absorbed through skin. Causes skin irritation. Do not breathe vapor. Do not get in eyes, on skin or on clothing. Wash thoroughly after handling with plenty of soap and warm water. In case of swallowing, induce vomiting by administering an emetic. CALL A PHYSICIAN. Inflammable . . . Keep away from foodstuffs, pets and livestock.

This product is toxic to fish and wildlife. Do not contaminate water by cleaning of equipment, or disposal of wastes.

Do not reuse container. Destroy when empty.
