[illegible]

bromo- (3-bromo-3-sec-butyl-
 methylacryl) *

TOTAL = 100%

[illegible]

Destroy container after use -- if by fire,
STAY OUT OF SMOKE.

On the other hand, the use of a double layer of polyethylene, or on other means which are very effective in preventing evaporation, where the soil is not to be washed or exposed to the wind, will be usually sufficient to save the soil, water, or energy, from evaporation. (b) HCl or H_2SO_4 must be used in place of water in the double layering waters. In case H_2SO_4 is used, it must be placed after use. (c) HCl or H_2SO_4 equipment will be used. (d) HCl or H_2SO_4 may be applied for nitrogen, phosphorus, potassium, and fertilizers as plant injury may result.

DO NOT STORE FIREARMS
STOCK IN A COOL, DRY PLACE

Avoidance of Contact with Ground or Concrete Floors

Cameraman's Note
Poor Copy

1. The first step in the process is to identify the problem. This involves gathering information about the situation and understanding the needs of the stakeholders involved.
