OFFICE OF  
PREVENTION, PESTICIDES  
AND TOXIC SUBSTANCES

**September 29, 2003**

Gail Early  
Registrations Representative  
**IBC Manufacturing Company**  
416 E. Brooks Rd  
Memphis, TN 38109

Subject: **Sta Brite C**  
EPA Registration No. 1022-564  
Application Dated July 1, 2003

Dear Gail Early:

This following labeling, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with comments.

**Proposed Amendment**

- Update First Aid Statement per PR Notice 2001-1

**Label Comment**

1. The precautionary statement and subheading must be revised to read as follows.

PRECAUTIONARY STATEMENT  
HAZARD TO HUMANS & DOMESTIC ANIMALS  
DANGER

Corrosive. Causes eye damage or skin burns. Harmful if absorbed through skin or inhaled. Do not get in eyes, on skin or on clothing. Avoid breathing spray mist. Harmful if swallowed. Wear goggles or face shield (safety glasses). Wear protective clothing (long-sleeve shirt and long pants, socks plus shoes and chemical-resistant gloves such as water proof gloves). Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

2. Add the following statement at the beginning of the environmental hazards statement:

"This product is toxic to fish and aquatic organisms."

**General Comment**

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product.

Should you have any questions or comments concerning this letter, please contact me at (703) 308-6422, or Lisa McKelvin at (703) 308-7496.

Sincerely,

  
for Adam Heyward  
Product Manager (34)  
Regulatory Management Branch II

<b>IF ON SKIN OR CLOTHING:</b>	<ul style="list-style-type: none"> <li>▪ Take off contaminated clothing.</li> <li>▪ Rinse skin immediately with plenty of water for 15 – 20 minutes.</li> <li>▪ Call a Poison Control Center or doctor for further treatment advice.</li> </ul>
<b>HOT LINE NUMBER</b>	
<p>In case of emergency, call Chemtrec toll free at 800-424-9300. Have the product container or label with you when calling a poison control center or doctor or going for treatment.</p>	

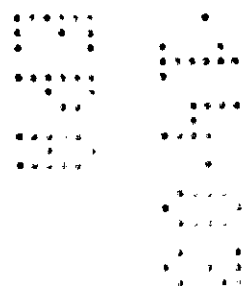

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For the control of sapstain and mold on green or freshly cut lumber, STA BRITE C is generally effective when used as a 15 second dip at a concentration of 2 fluid ounces per gallon of water. For severe conditions of ambient temperature and humidity, STA BRITE C may be used at up to 4 fluid ounces per gallon of water in a dip tank or spray application so as to uniformly wet all surfaces of the wood. Green wood should be treated within twenty-four hours of cutting or sawing.

In order to insure best results, the dipping tank must be protected from rain. The treated lumber should not be allowed to remain unprotected in heavy rains, especially just after treatment. Lumber piles should be roofed and adequate space should be left between boards and stacks. Green lumber should not be used for stickers.

ACCEPTED
