APR 7 1995

NOTICE OF PESTICIDE:  
 Registration  
 Reregistration  
  
(under FIFRA, as amended)

Term of Issuance:  
Conditional

Name of Pesticide Product:  
CuRAP 20 PAK

Name and Address of Registrant (include ZIP Code):

IBC Manufacturing Company  
416 East Brooks Road  
P.O. Box 9158  
Memphis, TN 38109-0158

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Add the phrase "EPA Registration No. 1022-579" to your label before you release the product for shipment.
3. Submit one (1) copy of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

### CuRAP® 20 PAK

#### WOOD PRESERVATIVE PASTE

#### EFFECTIVE GROUNDLINE TREATMENT FOR CONTROL OF DECAY AND INSECTS

#### FOR COMMERCIAL APPLICATOR USE ONLY

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

1022-579

#### Ingredient Statement

**Active Ingredients:**

Copper naphthenate..... 18.16% \*

Borax (sodium tetraborate decahydrate)..... 40.00%

**Inert Ingredients:** ..... 41.84%

**Total:** ..... 100.00%

\*Equivalent to 2% metallic copper.  
U.S. Patented.

EPA Reg. No. 1022-

EPA Est. No. 1022-TN-1

**KEEP OUT OF REACH OF CHILDREN**

### DANGER

#### Statement of Practical Treatment

**If IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes.

**If ON SKIN:** Wash thoroughly with plenty of soap and water. Get medical attention.

**If SWALLOWED:** Call a physician or poison control center. Drink promptly a large quantity of milk, egg white, gelatin solution, or if these are not available, large quantities of water. Avoid alcohol.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate use of gastric lavage.

**See back panel for additional precautionary statements.**

**Manufactured By:**  
**IBC Manufacturing Company**  
416 East Brooks Road

Memphis, TN 38109-0158

**CuRap 20 Pak**

**DIRECTIONS FOR USE**

**It is a violation of Federal Law to use this product in a manner inconsistent with its label.**

**The CuRap 20 Pak ("Pak") is a premanufactured bandage and is intended for use as a remedial treatment for standing wood utility poles and as a primary or remedial treatment for wooden structures standing in the ground that are susceptible to attack by decay and soft rot fungi, termites, carpenter ants, or wood boring beetles.**

For utility poles, pilings, posts, and other wooden structures standing in the ground, excavate the soil away from the structure to a depth of about 18 inches. Wire brush or scrape the surface to remove adhering soil and remove any damaged wood. The structure should be inspected for internal decay and insect attack by taking increment borings. If internal damage is found, early replacement or stubbing is recommended. Plug bore holes with locust plugs or treated wood plugs.

**CuRap 20 Pak(s)** may be used to cover groundline areas of structures in bands typically 18 to 22 inches in height. **CuRap 20 Pak(s)** should be applied to at least cover the wood surface 4 inches below the last evidence of decay and 3 inches above the groundline. Wrap top with 3" black reinforced tape allowing tape to overlap and staple into place. More than one **Pak** may be used in special cases where the structure spans a height greater than 22 inches, such as on hillsides or the circumference of the structures exceeds the bandage length. Overlap ends of the **Pak** to insure complete coverage of pole with preservative paste. Wrap the **Pak** tightly, stapling or nailing it in place. Back-fill and tamp dirt firmly, mounding within 1-inch of bandage top. Do not back-fill above top edge of **Pak**.

**Wood treated with the CuRap 20 Pak should not be used where it may come in contact with food, feed or potable water.**

**STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store away from food or feed in a secure, well-ventilated area protected from extreme temperatures. Do not allow to freeze. Do not transfer to unmarked containers. Keep container closed when not in use.

**PESTICIDE DISPOSAL:** Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

**CONTAINER DISPOSAL:** Plastic and paper CuRap 20 Pak packaging materials may be used as wraps to cover around the poles. Otherwise, dispose of these materials in a sanitary landfill or by incineration if allowed by State and local authorities.

**WARRANTY AND LIMITATION OF DAMAGES**

Seller warrants that this material conforms to its chemical description and is reasonably fit for the purposes stated on the label when used in accordance with directions under normal conditions of use and Buyer assumes the risk of any use contrary to such directions. SELLER MAKES NO OTHER EXPRESS OR IMPLIED WARRANTY, INCLUDING ANY OTHER EXPRESS OR IMPLIED WARRANTY OF FITNESS OR OF MERCHANTABILITY, AND NO AGENT OF SELLER IS AUTHORIZED TO DO SO. In no event shall Seller's liability for any breach of warranty exceed the purchase price of the material as to which a claim is made.

**PRECAUTIONARY STATEMENTS**

---

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS****DANGER**

**Corrosive.** Causes irreversible eye damage and skin burns. May be fatal if swallowed or absorbed through the skin. Do not get in eyes, on skin, or on clothing. Wash thoroughly with soap and water after skin contact and before eating, drinking, use of tobacco products, or using restrooms.

Applicators must wear gloves impervious to the wood treatment formulation (e.g., polyvinyl chloride (PVC) or neoprene) in all situations where dermal contact is expected (e.g., during the actual application process and when handling freshly treated wood).

Applicators should wear long sleeved shirts, long pants, and an impermeable apron during the application process and all situations where dermal contact is expected. Remove contaminated clothing and wash before reuse. Launder work clothing separately from other household clothing. Dispose of worn-out work clothing and work shoes or boots in any general landfill, in the trash, or in any other manner approved for pesticide disposal.

---

**ENVIRONMENTAL HAZARDS**

---

The pesticide is toxic to fish. Do not apply directly to water or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters.

---

**PHYSICAL AND CHEMICAL HAZARDS**

---

Do not use or store near heat or open flame.
