**CEDAR SCENTED MOTH SPRAY**

FOR ALL WOOLEN FABRICS. LEAVES A PLEASING FRESH CEDAR SCENT AND PROTECTIVE FILM WHICH KILLS MOTHS, MOTH EGGS, MOTH WORMS. ONE TREATMENT PROTECTS WOOLENS FOR A PERIOD OF UP TO 1 YEAR.

**DIRECTIONS FOR USE:** When sprayed on woolen fabrics, this product will leave a non-objectionable protective deposit, which kills adult moths and carpet beetles and larvae of moths and carpet beetles on prolonged contact. One treatment, applied according to directions, protects woollens from these insects during a storage period of 12 months unless removed by washing or dry cleaning.

**HOW TO OPERATE:** (1) Remove protective cap. (2) Direct nozzle opening AWAY FROM YOU. (3) Press down valve to release spray.

**DIRECTIONS:** Woolen articles such as suits, dresses, blankets, upholstery and rugs **should be clean** before treatment. Hold dispenser 18" from fabric. Move across surface at the rate of 1 ft. per second. Each application across the fabric should be 6" apart to avoid waste and heavy accumulation on material. For best results, spray entire article on both sides where possible, and pay special attention to folds and seams. Properly sprayed

articles should be just moist to the touch; avoid saturation. Respray if materials are washed or dry cleaned.

The contents of this dispenser will protect approximately 10 pounds of wool when properly used.

**Suits, Dresses and Coats:** An average suit weighs approximately 3 pounds and can be treated with 2 minutes spraying time.

**Blankets and Upholstery:** A medium weight blanket weighs approximately 6 pounds and can be treated with 4 minutes of spraying time or at the rate of 1/2 minute per square yard. Treat upholstery surfaces thoroughly, especially concealed areas, seams, welting, tufts and folds.

**Floor Coverings:** This dispenser is not intended for large-scale treatment of rugs and carpeting, but will afford excellent spot protection. Use on concealed and undisturbed areas such as under furniture and rugs, in corners and around baseboards.

For additional protection spray insides of closets and storage containers. Direct spray toward cracks, baseboards and other places where insects may possibly hide.

**CAUTION**

**VAPORS HARMFUL IF INHALED.** Use in well ventilated area. Avoid skin contact. If skin is exposed, wash with soap and water. Harmful if swallowed. If swallowed, consult physician immediately. Avoid spraying foodstuffs and cooking utensils. Remove pets from area being sprayed. Do not wear clothing dampened by spray until dry. Do not spray on plastic or asphalt material.

**EXTREMELY FLAMMABLE—DO NOT SPRAY NEAR OPEN FLAME.** Contents under pressure. Do not puncture or incinerate container. Do not store in direct sunlight or where temperature is above 120°. **KEEP OUT OF REACH OF CHILDREN.**
