DIRECTIONS

Hold sprayer 18 inches away from surface to be sprayed. Spray until surface is damp. If liquid forms drops and rolls down walls, you are spraying too heavily. Avoid treating mirrors, show cases, windows or dark veneers; however, soapless cleaners or Bon-Ami will remove whitish residue. Do not treat surfaces that are frequently washed.

CAUTION

Avoid inhalation and contact with skin, eyes, or clothing.

In case of spillage on skin wash with soap and water. Avoid contamination of foodstuffs. Do not use on pets and humans.

For eyes: Flush with water for fifteen minutes and get prompt medical attention.

Keep out of reach of children. Harmful if swallowed.
Do not spray near flame.
