

DIRECTIONS

Roaches, Ants, Spiders, Crickets, Ticks, Waterbugs, Millipedes—Spray surfaces where pests appear, travel or enter the premises — around window cracks, crevices and other hiding places. Try to hit insects directly. Look for and spray ant trails. Thorough and repeated applications are recommended in all cases.

Flies, Mosquitoes, Gnats, Wasps — Spray outdoor surfaces of door and window frames, screens, entrances and exit areas, garbage disposal equipment, outdoor lighting fixtures and lighted areas. Repeat as needed to maintain control.

Carpet Beetles and Silverfish — Spray on, under and around the edges of infested areas of carpets, drape hems and piano felts. Spray or paint localized areas of floors, baseboards and closet shelves, giving particular attention to cracks. Thorough and repeated applications are recommended as often as necessary to maintain effective control.

Clothes Moths in clothing, blankets and other woollens—Thoroughly dampen all surfaces with insecticide and allow to dry before placing in storage. Dry clean all treated articles before use as bedding or clothing. Spray closet walls, ceiling, and floor. Also thoroughly spray the interior surfaces of trunks and other storage containers, in order that all moth larvae feeding on lint in the cracks be killed. Repeat monthly unless the treated articles are stored in moth-light containers.

NOTICE

Seller's guarantee shall be limited to the terms of the label, and subject thereto the buyer assumes any risk to persons or property arising out of use or handling and accepts the product on these conditions.

READY-MIXED

NON-STAINING

INSECT SPRAY

★
For Commercial and Household Use

★
A RESIDUAL AND CONTACT SPRAY

Active Ingredients:	By Weight
O,O-Diethyl O-(isopropyl-4-Methyl-6-Pyrimidinyl) Phosphorothioate	0.25%
Lindane (Gamma Isomer of Benzene Hexachloride).....	0.25%
Technical Piperonyl Butoxide*.....	0.30%
Pyrethrins	0.03%
Deodorized Petroleum Distillate.....	99.17%
Total	100.00%

* Equivalent to 0.24% of (butyl carbityl) (6-propyl piperonyl) ether and 0.06% Related Compounds.

CAUTION: Keep Out Of Reach Of Children. See side panel for other warnings.

DIRECTIONS (Continued)

Hold sprayer 12 inches away from surface to be sprayed. Spray until surface is damp. If liquid forms drops and rolls down walls, you are spraying too heavily. Avoid treating mirrors, show cases, windows or dark veneers; however, soapless cleaners or Bon-Ami will remove whitish residue. Do not treat surfaces that are frequently washed.

CAUTION

Harmful if swallowed. Avoid contact with skin and eyes. Contact with skin may cause toxic symptoms. In case of contact with skin, wash with soap and water. For eyes, flush with water for fifteen minutes and get prompt medical attention. Avoid breathing spray mist. Avoid contamination of feed or foodstuffs. Do not use in edible products areas of food processing plants, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed.

Do not use on pets or humans.
Do not spray near flame. Do not use, pour, spill or store near heat or open flame.
Keep out of reach of children.
Do not reuse empty container. Destroy it by perforating or crushing. Bury or discard in a safe place away from water supplies.
