PRECAUTIONS IN USING

1029-110

WARNING: Hazardous if swallowed, inhaled or absorbed through skin. Do not swallow or get in eyes, on skin, or on clothing. Do not breathe dust. Avoid inhalation of dust and contact with skin. In case of contact with skin or eyes, flush with plenty of water, for eyes get medical attention. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water or foodstuffs. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

Decontaminate and destroy used containers. Do not reuse for any purpose. Decontaminate containers by rinsing thoroughly with water and detergent. Destroy containers by breaking and burying fragments in isolated area. Dispose of rinsings in a way as not to constitute a hazard, or contaminate potable water supplies.

This product is toxic to fish and wildlife, also birds. Do not contaminate water by cleaning of equipment, or disposal of wastes.

See Bulletin AX-102 for further chemical and physical data on this product.

Further data may be necessary to support registration if the specimen labels are not closely followed.

CIODRIN[®] Insecticide

EPA Reg. No. 201-267

CAUTION: KEEP OUT OF REACH OF CHILDREN. See other precautions on side panel.

(SIDE)

GENERAL DIRECTIONS

The 3% CIODRIN Insecticide Cattle Dust Bag is a specially prepared ready-to-use livestock dusting device that can be used continuously. No withdrawal is necessary when used on animals being milked or fed for slaughter.

USE AND DIRECTIONS FOR APPLICATION

For the control of hornflies and as an aid in the control of lice and face flies on dairy cattle and on beef cattle suspend bags such that daily use is required near mineral or salt blocks, in lanes or doorways leading to or from dairy barns or other animal buildings. On a free choice basis, one bag per 25-30 animals. Dust bags may be suspended in livestock holding pens, feed lots and loafing sheds where possible.

Adjust bag such that the bottom is below the topline of the animals in order to obtain maximum coverage.

CAUTIONS IN USING

CAUTION: KEEP OUT OF REACH OF CHILDREN. Avoid inhalation of dust and contact with skin. In case of contact with skin or eyes, flush with plenty of water. For eyes get medical attention. Keep away from open flame. Wash thoroughly with soap and water after handling and before eating or smoking. Do not contaminate feed, water, or foodstuffs. Do not contaminate any body of water by direct application, cleaning of equipment, or disposal of wastes or containers. If swallowed, induce vomiting immediately and get medical attention. Atropine is antidotal. 2-PAM is also antidotal and may be administered in conjunction with atropine.

DESTROY USED CONTAINERS. Do not reuse for any purpose. Destroy container by burning or burying in an isolated area. If burned, keep out of smoke.
