PRECAUTIONARY STATEMENTS

Hazards to Humans

DANGER

Corrosive to tissues. This concentrate causes eye and skin damage. Harmful or fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves when handling. Avoid contamination of food. Do not use, pour, spill or store near fire or open flame.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reuse. If swallowed, do not induce vomiting, drink promptly a large quantity of milk, egg whites, gelatin solution or if these are not available drink large quantities of water and call a physician immediately. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsion may be needed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Storage: do not contaminate water, food or feed by storage or disposal.

Disposal: Do not reuse empty container. Rinse thoroughly and burn or put in trash collection.

Disinfecting Washable Hard Surfaces: Use 1/2% solution, 2/3 ounce per gallon of water for all light general cleaning and disinfection, including tuberculous areas. Apply by wiping, mopping or scrubbing to wet surfaces thoroughly with the use solution. Pre-clean and rinse heavily soiled surfaces before disinfection.

Cold Instrument Disinfection: Pre-clean instruments thoroughly, removing all soils including blood and serous exudates using a 1%-2% STAPHENE solution (1/4-2/3 oz./gallon). Then soak in a fresh 1/2% STAPHENE solution for 15 minutes.

Terrazzo Care: Use at 1:128 (1 ounce per gallon of water) to increase patina and highlight the natural beauty of terrazzo floors.

GERMICIDE FUNGICIDE

STAPHENE is a concentrated disinfectant for hospital equipment. When used as directed, Staphene kills germs on all surfaces.
A 1% solution is effective against *S. choleraesuis*, *S. aureus*, and viruses including influenza. It also kills mold and mildew. Minimum use dilution is 1:100.
