**ENVIROQUAT DEODORIZER AND  
DISINFECTANT SPRAY**

EPA REGISTRATION NO. 1043-62

An effective disinfectant and deodorant for pre-cleaned, hard non-porous articles in schools, medical, dental and business offices, sick rooms, nursing homes and general hospital use.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product will control the following pathogenic organisms when used as a surface disinfectant: Mycobacterium tuberculosis (10 minutes at 20°C), Pseudomonas aeruginosa, Staphylococcus aureus, and Trichophyton mentagrophytes. \*Kills viruses such as Vaccinia, Influenza A, (England-72), Adenovirus Type 5, and Herpes Simplex Type 1 on inanimate environmental surfaces when used as directed (10 minutes at 20°C).

**Disinfection:** Shake well before using. Remove heavy soil and thoroughly clean surface prior to application of product. Hold dispenser upright about 6 to 8 inches from surface to be disinfected and spray 3 seconds or until surface is thoroughly wet. Allow to remain wet for 10 minutes. Wipe off with cloth or sponge.

**Fungicidal Activity:** The product is effective against Trichophyton mentagrophytes (the athlete's foot fungus) when used on surfaces in areas such as locker rooms, shower and bath areas, exercise areas and dressing rooms.

**To Deodorize and Refreshen Room Air:** Direct spray upwards toward the center of the room for 3-5 seconds; repeat as necessary.

**GENERAL USES**

- |   |                                  |
|---|----------------------------------|
| Bedsprings and frames                           | Sinks and mirrors                |
