

PREMEASURED GERMICIDAL DETERGENT

Powder Keg

EPA Reg. No. 1043-77

Germicide • Deodorizer • Fungicide • Virucide • Detergent

Active Ingredients:	Octyl Decyl Dimethyl Ammonium Chloride	3.25%
	Dioctyl Dimethyl Ammonium Chloride	1.63%
	Didecyl Dimethyl Ammonium Chloride	1.63%
	n-Alkyl (60% C ₁₂ , 30% C ₁₆ , 5% C ₁₇ , 5% C ₁₈) Dimethyl Benzyl Ammonium Chloride	3.16%
	n-Alkyl (68% C ₁₂ , 32% C ₁₄) Dimethyl Ethylbenzyl Ammonium Chloride	3.16%
Inert Ingredients:		87.17%

**KEEP OUT OF REACH OF CHILDREN
DANGER**

Do not handle packets with wet hands. Store in a cool dry place. Do not remove liner bag from this container. Replace lid after each use.

Statement of Practical Treatment

In case of eye contact, flush with warm water for 15 minutes. Get medical attention. For skin contact, flush thoroughly with water. See side panel for additional precautionary statements.

NET WEIGHT: 5 pounds 8 ounces (176 half-ounce water-soluble packets)

ACCEPTED

MAY 12 1981

U.S. Environmental Protection Agency
Office of Pesticide Programs

EPA Reg. No. 1043-77

Hazard to Humans and Do

Corrosive. Causes eye and skin damage.
FIRST AID: In case of eye contact immediately flush with water for 15 minutes before reuse. If swallowed, drink a large amount of water. Mucosal damage may contraindicate emesis.

It is a violation of Federal Law to use this product for purposes not intended. For use in cleaning and disinfecting wash basins, toilets, and other hard water surfaces. When making solutions in hard water, use a water softener. Apply solution by normal methods with a brush or sponge. Wet for ten minutes. Gross filth should be removed before use. Do not add other chemicals to this product. **USE ONE PACKET FOR EACH GALLON OF WATER.**

STORAGE AND DISPOSAL

Store in a cool dry place. Close this container tightly. **PROHIBITIONS:** Do not contaminate food, feed, or other products. **PESTICIDE DISPOSAL:** This germicide should not be recycled, reused, or buried in a safe place away from water. **CONTAINER DISPOSAL:** Triple rinse and recycle if possible. **GENERAL:** Consult Federal, State or local health officials for disposal instructions.

Precautionary Statements

Hazard to Humans and Domestic Animals:

DANGER

DO NOT REMOVE PACKETS BEFORE USE

Corrosive. Causes eye and skin damage. Do not get powder in eyes, on skin or on clothing. Harmful if swallowed. Handle only with dry hands. Do not open packets; place directly into bucket.
FIRST AID: In case of eye contact immediately flush eyes with water for 15 minutes and get medical attention. For skin contact, flush thoroughly with water. Remove and wash contaminated clothing before reuse. If swallowed, drink a large quantity of milk, egg whites, gelatin solution or water. Avoid alcohol. Do not induce vomiting. Call physician immediately. **NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression and convulsion may be needed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

CLEANING AND DISINFECTING WASHABLE HARD SURFACES: For routine cleaning and disinfection add one packet to a wash bucket for each measured gallon of warm (70-80 F) water used. When making solutions in hard water, use two packets for each measured gallon of warm (70-80 F) water used. Always gently mix for a uniform solution.

Apply solution by normal methods with brush, cloth, or mop. Thoroughly wet all surfaces to be cleaned, then remove excess solution with a wrung-out applicator. Treated surfaces should remain wet for ten minutes. Gross filth should be removed by scraping or sweeping before cleaning begins. Discard used solution when it becomes dirty and replace with fresh solution. Powder Keg is a complete product. Do not add other chemicals. Use only as directed.

USE ONE PACKET FOR EACH GALLON OF WARM WATER FOR REGULAR CLEANING. WHEN MAKING SOLUTIONS IN HARD WATER USE TWO PACKETS PER GALLON OF WATER.

STORAGE AND DISPOSAL

Store in a cool dry place. Close this container after each use. Handle packets only with dry hands. Do not remove liner bag containing packets from this container.

PROHIBITIONS: Do not contaminate water, food or feed by storage or disposal. Open dumping is prohibited. Do not reuse empty container.

PESTICIDE DISPOSAL: This germicide, its solutions or rinsings from empty containers should be disposed of in a toilet or service sink served by a sanitary sewer, in a land fill approved for pesticides or buried in a safe place away from water supplies.

CONTAINER DISPOSAL: Triple rinse and deposit in a waste container for incineration or burial in a land fill approved for pesticide containers, or bury in a safe place.

GENERAL: Consult Federal, State or local disposal authorities for approved alternative procedures such as limited open burning.

and fill approved for pesticide containers, or bury in a safe place
ch as limited open burning.

POWDER KEG is a concentrated powdered hard water effective phosphate-free germicidal detergent
which is packaged in handy premeasured 1/2 ounce soluble packets. The use-solution made by
dissolving one packet per gallon of warm water (70-80 F) simultaneously cleans and deodorizes while
disinfecting.

It is designed for the cleaning and disinfection of washable non-porous hard surfaces such as floors,
walls, woodwork, bathroom fixtures, furniture and equipment. It is intended for use only in institutions
such as hospitals, nursing homes, schools, industrial plants, medical and dental offices, veterinary clinics
and other public areas. It may be used for the cleaning and disinfection of stainless steel, chrome, glass,
porcelain, tile, terrazzo and resilient vinyl, linoleum, asphalt or rubber flooring, as well as all washable
painted and varnished surfaces.

GERMICIDAL: Passes A.O.A.C. Germicidal Use Dilution Method (S. aureus, S. choleraesuis, Ps.
aeruginosa) 10 minutes, in the presence of 5% organic soil (serum) at 20°C. 1:256 dilution (1:128 in 400
ppm hard water).

FUNGICIDAL: Passes A.O.A.C. Fungicidal Test (T. Men'agrophytes) 1:256 dilution, 10 minutes, in the
presence of 5% organic soil (serum) at 20°C (1:128 in 400 ppm hard water)

VIRUCIDAL: Passes Virucidal Qualification Test (Influenza A₂ (Hong Kong), Herpes Simplex (Vaccinia)
1:256 dilution, 10 minutes exposure time in the presence of organic soil (serum) at 20°C (1:128 in 400
ppm hard water)

ODOR-COUNTERACTANT: POWDER KEG attacks unpleasant odors in three ways by killing odor-
causing bacteria, chemically neutralizing odor residues, and with fine detergent cleaning ingredients.
