

FOR MOTHS

Clean, brush, beat, or vacuum clothes thoroughly before storage. Thoroughly clean the storage compartment.

In tight storage closets sprinkle at least a pound for each hundred cubic feet of space.

If fabrics are to be stored folded, make small cheesecloth bags of crystals and place between the folds. Wrap in 2 layers of sheeting or heavy wrapping paper. Seal all openings.

Do not put Deodoroma in plastic garment bags. The vapor of Deodoroma softens and dissolves the plastic of which such bags are made.

Do not sprinkle on painted, lacquered or varnished surfaces, as Deodoroma will soften and damage such finishes.

DEODOROMA CRYSTALS

**NEUTRALIZE UNPLEASANT ODORS
KILL MOTHS**

**Active Ingredient
Paradichlorobenzene 100%**

**CAUTION
KEEP OUT OF REACH OF CHILDREN**

Westport

Conn.

Net wt. 5 lbs.

U.S.D.A. Reg. No. 1057-8

FOR UNPLEASANT ODORS

Use DEODOROMA CRYSTALS in Lavatories, Locker Rooms, Basement, and Auditorium. Sprinkle onto the floor or put them in an open receptacle placed on shelf or attached to the wall about seven feet from the floor.

Shake a few crystals into refuse receptacles, cuspidors, around urinals and toilet bowls.

CAUTION

Avoid contact with food materials. Store in a cool place. The crystals may lump together if stored in a warm place. If this happens, simply break up for use.
