

# H. D. FUNGICIDE

## GENERAL DIRECTIONS

PREPARATION: Dilute 1:300 (3 oz. per 6 gals. water).

APPLICATION: Using a clean mop, apply liberally to floors in showers, locker rooms, swimming pools, etc. Pick up excess solution with well wrung-out mop.

FREQUENCY: Daily application is recommended for maximum protection.

DEODORIZATION: H. D. Fungicide leaves a refreshing mint fragrance that substantially reduces the level of locker room odors. Used as directed, H. D. Fungicide is non-injurious to usual types of flooring.

H. D. Fungicide darkens on storage. This does not affect its usefulness.

## CAUTION

### KEEP OUT OF REACH OF CHILDREN

Harmful if taken internally. If accidentally ingested, induce vomiting. Call a physician.

Undiluted product may cause skin irritation. Avoid prolonged or repeated contact of undiluted material with skin. Avoid splashing in eyes. If accidentally splashed in eyes, flush with water. Get medical attention.
