

For use in deodorizing and sanitizing the air in institutions, hospitals, schools, hotels, motels, restaurants, theaters, offices, factories, and all commercial establishments and other public places requiring effective air refreshing and air sanitizing.

#### TO DEODORIZE

Remove protective cap from top of can and shake. Hold upright, pointing opening in valve away from you. Press valve down to release spray. Hold can at least 2 feet from any surface while spraying.

#### TO HELP SANITIZE AIR

In closed spaces, spray as directed above for 8 to 12 seconds per 1000 cubic feet. Repeat 4 times daily, or more often if air changes frequently. Bacterial and virus counts will be reduced temporarily. Relative humidity must be above 20%; if not, add moisture.
