

FOR USE ON COTTON:

FOR CONTROL OF: — The Bollworm, Thrips, Cutworms, Fleahoppers, Tarnished and Rapid Plant Bugs, Yellow Striped Armyworms, Garden Webworms, Cotton Leafworm, Fall Armyworms and Grasshoppers.

APPLICATION: — Apply Valco Brand 20% Toxaphene Dust at the recommended rates for the control of each insect listed below.

THRIPS: -- Apply at rate of 4 to 15 pounds per acre.

FLEAHOPPERS, TARNISHED and RAPID PLANT BUGS: — Apply at rate of 10 to 15 pounds per acre.

CUTWORMS, GARDEN WEBWORMS, FALL ARMYWORMS and GRASSHOPPERS: Apply at rate of 10 to 12 pounds per acre.

COTTON LEAFWORMS: — Apply at rate of 10 pounds per acre.

YELLOW STRIPED ARMYWORMS: — Apply at rate of 10 to 15 pounds per acre.

BOLLWORM: — Apply at rate of 10 to 30 pounds per acre. The rate and interval of application will depend upon the size of the cotton, degree of insect infestation, weather and timing of applications.

WHEN MAKING APPLICATIONS WITH AIRPLANES: — Follow the same application program given for ground machines. The wind should be very light. Either morning or evening applications are recommended. Emphasis during application should be on complete coverage.

NOTICE TO USERS: -- Seller warrants that the product conforms to its chemical description and it reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under condition not reasonably foreseeable to seller, and buyer assumes the risk of any such use.

VALCO

20% TOXAPHENE DUST

CAUTION: — Avoid contact with eyes, skin, or clothing. Harmful if swallowed! Avoid prolonged breathing of dust or spray mist. Keep away from children and domestic animals.

Wash thoroughly with soap and water after exposure. Use clean clothing daily.

Avoid storage near feed and food products.

Do not apply, nor allow to drift where there may be grazing by dairy animals or animals being finished for slaughter.

Do not feed gin waste from cotton treated with this product to livestock. Do not graze livestock in cotton fields treated late in the season with this product.

Do not contaminate feed or foodstuffs with this product.

CAUTION: — Toxic to fish and wildlife. Do not contaminate any body of water nor apply to any area not specified on the label. Do not use this material for any purpose nor in any manner other than as recommended on this label. Do not apply when weather conditions favor drift from areas treated.

CLEAN UP SPILLAGE AND WASTE: — Clean up any spillage or waste and bury at least 18 inches deep in an isolated area away from water supplies. Clean up area with strong lye solution.

DISPOSAL OF EMPTY CONTAINERS: — Carefully be sure all containers are completely empty. Empty containers should be mutilated and punctured, after which they may be buried at least 18 inches deep in an isolated area away from water supplies. Empty containers may be burned in commercial incinerator, supervised public or private dumps or at the site of use (If permitted by local authorities). **UNDER NO CIRCUMSTANCES SHOULD EMPTY CONTAINERS BE ABANDONED OR ALLOWED TO ACCUMULATE IN AREAS ACCESSIBLE TO UNAUTHORIZED PERSONS.** *Note:* Avoid contact with skin or breathing of dust or vapors. Stay well away from smoke of fumes when burning. Wash thoroughly with soap and water before eating or smoking and always at the end of the workday.
