**ACCEPTED**  
*July 15 1974*  
UNDER THE FEDERAL INSECTICIDE  
FUNGICIDE AND RODENTICIDE ACT  
FOR ECONOMIC POISON REGISTERED  
ED UNDER NO. 1063-98 SUBJECT  
TO ATTACHED CONDITIONS.

**DIRECTIONS FOR USE**

VALCO Seed Protectant is especially formulated for treatment of soybean seed for the control of seed and soil-borne diseases, including damping-off and seed decay organisms, and seedling blights, and is prepared for use directly in the planter box, thereby eliminating additional seed handling to have seed treated.

This material provides adequate coverage of seed and any excess flows with the seed into the furrow, giving additional protection against soil-borne diseases. May be used on previously treated seed.

Do not use treated seed for food, feed or oil purposes.

**CAUTION**

- Harmful if swallowed.
- Avoid inhaling dust. Wear respirator.
- Avoid contact with skin. Wash with soap and water after handling.
- Avoid contamination of feed and foodstuffs.

**CAUTION:** This product is toxic to fish. Do not contaminate water by cleaning of equipment or disposal of wastes, and apply this product only as specified on this label.

**PROTECT FROM EXCESSIVE HEAT  
STORE IN A COOL, DRY PLACE**
